The Annual Placement Goals are determined with an underutilization analysis of incumbency and relevant labor market availability of qualified women or people of color (known as minorities in the past). All selection decisions are made in a nondiscriminatory manner and a placement goal is not justification for selecting an individual based on their protected class. ### Fire Job Family Availability - HOURLY

The Annual Placement Goals are determined with an underutilization analysis of incumbency and relevant labor market availability of qualified women or people of color (known as minorities in the past). All selection decisions are made in a nondiscriminatory manner and a placement goal is not justification for selecting an individual based on their protected class. ### WATER Job Family Availability - PERMANENT

The Annual Placement Goals are determined with an underutilization analysis of incumbency and relevant labor market availability of qualified women or people of color (known as minorities in the past). All selection decisions are made in a nondiscriminatory manner and a placement goal is not justification for selecting an individual based on their protected class.
