

OPERATING NOTICE

To: Metro Transit Operators
Document No.: 2026-015
From: Jennifer Wiegert, Operations Manager
Date: July 10, 2026
Subject: Required Standby Location

Efficient communication between the dispatcher and operators on standby is extremely important. Efficient communication means quick distribution of available work and ensures on-time performance of service.

Effective Sunday, July 12th, all drivers who are on standby work are required to stay in the driver's lounge, and associated restrooms, at 1 S. Ingersoll unless walking from the driver's lounge to dispatch to review available work or headed to/working an assigned piece of work.

All work dispatched to drivers on standby will be offered via the working phone in the driver's lounge or in-person at the dispatch window.
