NOTES:
1. Expand western parking lot to four rows of head-in parking.
2. Preserve bridge or renovate for two lanes of cars and pedestrian path.
3. Entry to Wingra Shoreline Promenade. Pedestrian only.
5. Shared bicycle and vehicular path. Vehicle access restricted for parking, drop-off at shelter.
6. Seating and lake access opportunities (fishing nodes) along Shoreline Promenade.
7. Naturalized plantings, wetland plants and littoral zone restoration.
9. Existing Parking modified.
10. Shelter Drop-off, turn-around and plaza.
11. Vilas Lagoon Terrace and Fire circle.
12. Gateway to Shoreline from the northern park.
13. Wetland expansion into existing open turf area.
15. Wingra Shoreline Bikepath (vehicles restricted except emergency and maintenance vehicles). Vilas Shoreline Trolley to connect eastern and western gateways.
17. Gateway plaza. Create a more inviting connection between Zoo and Park.
18. Expand eastern parking lot to four rows of head-in parking.
19. Remove parallel parking to Orchard Road. Install shared bike and pedestrian path to connect to Wingra Bike Path.
20. Excavate upland and make a wetland connection between Vilas Lagoon and Lake Wingra.
21. Wetland plantings.
22. Wingra Boat House and Pier
23. Existing Pedestrian Bridge.

Vilas Park & Lake Wingra Shoreline Vision
Prepared with support by the Friends of Lake Wingra and input from community members. Project affiliated with the Sustainability Leadership Graduate Certificate Program, Edgewood College. Date: July 25, 2012
