Project Transit Coaches Project # 85001

Project Description

This program funds the replacement of 15 fixed route diesel transit coaches annually. The goal of this program is to maintain an updated fleet of vehicles for Metro Transit's fixed route service. All transit coaches purchased through this program meet both EPA Emissions Standards and Americans with Disabilities Act (ADA) requirements. Funding in 2019 is for anticipated as a 50/50 split between local and federal funding. A portion of the federal funding is from available discretionary federal funding that was awarded in prior years. Over the life of the CIP, the GO Borrowing portion of the program increases to encompass both the inflationary cost of buses and absence of discretionary federal funding.
