To: Mayor Satya Rhodes-Conway From: Matthew Wachter, Director

Subject: 2021 Operating Budget: Transmittal Memo

The Office of the Director coordinates and supports the work of four DPCED divisions and the Community Development Authority. Because the missions and functions of these agencies are interconnected, sharing common services in a central office improves the efficiency and effectiveness of our operations.

Major Goals

In 2020, three administrative positions were moved from the Office of the Director to the Planning Division. The move better aligned staff with the colleagues and committees that they were supporting and with the new layout of the remodeled MMB. In addition to budget authority for the salaries and benefits, budget authority to support training and supplies for the three positions was also reallocated to Planning.

The Office of the Director's proposed budget is \$8,622 below the budget target set by Finance. This budget authority is being used to complete the transfer of one of the three staff to Planning is over its agency budget target by the same \$8,622. This transfer holds the General Fund net neutral.

The Office of the Direct consists of a single service with 4.6 FTE. One of the administrative positions is currently vacant.

In 2021, the primary goals of the Office are to establish work plans and routines that reflect the change in staffing, to create a department equitable workforce plan, to document department emergency response and evacuation procedures, and to develop a style guide and related templates for department documents.

COVID Response and Recovery

The Office of the Director has transitioned to providing remote services with occasional work in the office as needed. The Office did not have a significant in person service component prior to COVID and has been able to fully meet its service expectations remotely. Additionally, the physical office space is narrow and entirely closed, which is not conducive to social distancing and airborne pathogen safety. The Office plans to continue to work remotely until public health conditions improve.

2021 Request & Equity

In response to the Employee Voice Survey, DPCED chartered a department equity team to identify and respond to systemic equity opportunities and concerns in the department. The membership on the team is limited to ensure that attention stays focus on moving goals forward. The membership also

July 10, 2020 Page 2

rotates annually, with new members for 2020-2021 having been recently appointed. Under the team's charter, the Office of the Director supports this ongoing work.

Historically, each DPCED agency has prepared and implemented its own equitable workforce plan. In 2018, the decision was made with the Office of Civil Rights to combine the individual plans into a single department plan. It is anticipated that the integration will be completed in 2021 as the existing agency plans expire and a department plan is developed. The Office of the Director will lead the work to build consensus on the new plan and to create actionable timelines to achieve the goals outlined in the plan.

2021 Request & Sustainability

The Office of the Director coordinates and supports the DPCED divisions. In 2021, there will be significant activity in long-term land use planning, property construction, redevelopment, and housing creation. These activities will have significant opportunities to introduce sustainable planning and design into the community. The Office looks forward to supporting these initiatives as they develop over the coming month.

Major Changes in the 2021 Operating Request

I have carefully considered your instructions to propose a 5 percent budget reduction scenario. In response, I propose reallocating 15 percent of the DPCED Director's salary to the Community Development Authority.

Under the Contract for Services, Materials and Equipment, the CDA has agreed to reimburse the City for the cost of support services provided by the City to the CDA. Two positions in Finance are already partially allocated to the CDA in recognition of the support they provide. Other DPCED staff also record time spent supporting the CDA for reimbursement.

This change is anticipated to meet the five percent reduction target. Any shortfall in meeting the target would be offset with a reduction to the Office's purchased services.

I look forward to meeting with you to discuss the budget and my proposal.

Sincerely,

Matthew Wachter DPCED Director

PRIORITY

Citywide Element Effective Government

Describe how this service advances the Citywide Element:

The Office of the Director supports the leadership of the DPCED Director, serves DPCED divisions, and coordinates with the Community Development Authority. By centralizing core resources and positions, the Department reduces redundancy, improves coordination between city services, and increases the efficient and effective stewardship of public funds. The Office of the Director strives to provide timely, accountable, and transparent service to residents, community stakeholders, and City colleagues.
