Amendment Impact						
	Debt Service	\$46,892				
	TOAH Impact	\$0.50				

Discussion

Analysis

The proposed amendment would create a new program to provide loans for developing accessory dwelling units (ADUs). ADUs are one strategy for increasing housing supply and housing choice for residents. There is currently limited private financing available to assist homeowners with developing ADUs (e.g., converting a garage into a backyard cottage). This proposed program would fill the gap by providing loans directly to homeowners, focusing on those without access to full financing through traditional means. Preliminary estimates indicate that \$400,000 could potentially finance 5-7 ADUs. As a new program, the specific eligibility requirements, terms of the loans, and other operational details would need to be developed prior to implementation. A resolution (Legistar File 68079) is currently working through the Plan Commission and Common Council to ease the permitting process for ADUs and allow for more design and construction flexibility.

Operating Impact

Annual Impact:

\$0

In 2022, the agency anticipates it would be able to absorb the cost of program design and implementation. Assuming the program and portfolio of lenders grows over time, the program will likely require additional agency staff to administer the program. At this time, an estimate of future operational costs is pending.

Discussion

Analysis

The proposed amendment will transfer \$1.5 million of the State and Local Fiscal Recovery Funds budgeted for the Hotels Converted to Housing capital project to CDD's operating budget in order to cover the proposed contract with Focus Counseling, Inc. through June 30, 2022. A resolution to authorize the contract is currently working through the Finance Committee and Common Council (Legistar File ID 67975). The 2021 Adopted Operating Budget was amended by Adopted RES-21-00487 (File 65935) to appropriate \$2 million of America Rescue Plan Act (ARPA) State and Local Fiscal Recovery Funds for Unsheltered Homeless Support. This funding has been and will be used to (1) prepare 3202 Dairy Drive for a sheltered campground for unsheltered homelessness and (2) contract with Focus Conseling, Inc. to provide non-congregate hotel sheltering starting in 2021. The Hotels Converted to Housing capital project will have remaining \$1,000,000 of available budget authority following this amendment.

Operating Impact

Annual Impact:

\$0

There is a corresponding operating amendment allocating the \$1.5 million. Administrative costs associated with managing the Unsheltered Homeless Support contract(s) will be absorbed by CDD's current staff and budget.

2022 Capital B	2022 Capital Budget: Common Council Amendments (Adopted)							
			Amendment #					
Agency:	Community Development Division	Page #:	35					
Project:	Northside Mobile Neighborhood Center	Project #:	NEW					
Sponsor(s):	President Abbas, Alder Myadze							

Add funding for a grant to the Northside Planning Council for them to purchase and retrofit an RV bus to function as a mobile neighborhood center. This grant will be funded by \$65,000 in General Fund general obligation (GO) borrowing in 2022. The goal of this project is to provide the services and amenities of a neighborhood center to communities that do not have an existing brick and mortar center but represent isolated pockets of under-served residents.

Amendment Amount

Amendment Impact						
	Debt Service	\$7,620				
	TOAH Impact	\$0.08				

Discussion

Analysis

This amendment funds a new project within CDD's capital budget. The proposed level of funding is based on the Northside Planning Council's estimate to purchase and retrofit a gently used RV bus.

The mobile neighborhood center is intended to travel around multiple neighborhoods and Madison's north side throughout the week and would be staffed by various community agencies that can meet the specific needs of each neighborhood. The Northside Planning Council (NPC) would host the center, maintain it, and coordinate a staffing schedule with partner organizations. NPC would also provide training to designated staff of each partner organization in driving and operating the unit. The vehicle will be kept on the grounds of FEED Kitchens, located at 1219 North Sherman Avenue.

The 2022 Executive Capital Budget also includes \$1 million in 2022 to start a Community Facilities Improvements capital program to support smaller capital projects proposed by non-profit partners to meet facility needs that serve or benefit specific neighborhoods or populations.

Operating Impact

Annual Impact:

\$0

Administration of the grant will be absorbed by CDD's current staff and budget.

2022 Capital Bu	dget: Common Council Amendments (A	dopted)		
			Amendment #	4-SUB
Agency:	Community Development Division	Page #:	36	
Project:	Salvation Army Darbo Site	Project #:	13775	
Sponsor(s):	Alder Foster, Alder Figueroa Cole, Alder Heck			

Add the following language to the end of the project description:

If the City's purchase of 3030 Darbo Drive for the proposed Salvation Army redevelopment does not occur by mid-year 2023, then the \$2.5 million of federal funds will be made available to assist in purchasing other available parcels in the East Washington Avenue-Darbo Drive area for use in supporting efforts by non-profit organizations to serve the neighborhood and its residents. With Council approval, funds may be granted to a community agency to acquire and/or improve one or more parcels in the area or, alternatively, used by the City to acquire such parcels for lease or sale to a community agency. In allocating these funds, the City will give priority to uses by organizations that have established relationships with, or experience serving, residents within the Darbo neighborhood, or members of marginalized communities that are represented in the neighborhood. The purchased property could be used as community space, e.g., a community center, and/or to house agency activities or programming that support neighborhood residents, and underserved or marginalized populations more generally.

	TOAH Impact	\$0.00				

Discussion

Analysis

The Executive Capital Budget uses \$2.5 million of the Local Government Aid from the American Rescue Plan Act (ARPA) to purchase real property from the Salvation Army. The proceeds from that sale would be used to help finance the planned redevelopment of their facilities on the 600 block of E Washington Avenue. Should the Salvation Army property not be acquired, the proposed amendment is intended to ensure that the \$2.5 million is used to acquire other real property in the East Washington Avenue-Darbo Drive area for use in supporting the neighborhood and its residents. The \$2.5 million of repurposed federal sources will either be granted to a community agency that has a history of working in or serving the neighborhood to assist in its purchase of one or more parcels or it will fund the City's purchase of the parcels, resulting in the City developing a lease or sale agreement with a prospective community agency.

Operating Impact Annual Impact:

Amount unknown at this time

There will likely be a future operating impact in the form of expanded contract community services once the parcels have been redeveloped.

Amendment Impact						
	Debt Service	\$24,853				
	TOAH Impact	\$0.27				

Discussion

Analysis

The proposed amendment would allow the City of Madison to purchase the parcel located at 351 Russell Street with the objective of mitigating the effects of known contamination while at the same time protecting public health, restoring the environment, and promoting economic renewal of the subject property and surrounding area. Upon purchase and remediation, the City of Madison could sell the parcel. The current owner of the parcel is unable to properly address the contamination and has no access to outside funding sources to assist with investigation and remediation. The owner is fully expected to fully fund remediation costs, which would likely exceed the property value. By contrast, the City of Madison, development authorities, businesses, and developers have access to multiple funding mechanisms to assist with or completely cover costs associated with investigation or remediation (e.g., federal or state brownfields grants, TIF, WEDC grants, Dry Cleaner Fund, bank financing, etc.).

This property acquisition is being proposed as a separate capital project because it does not neatly fall within the policy parameters of the Economic Development Division's General Land Acquisition Fund or Land Banking capital programs.

Operating Impact

Annual Impact:

\$0

The administrative costs with purchasing the proposed parcel will be absorbed by EDD's current budget.

Discussion

Analysis

Proposed Common Council operating budget amendment #11 adds funding for two contracted Mental Health Crisis Workers (\$82,000) for half of 2022 for the Community Alternative Response Emergency Services (CARES) team in the Fire Department budget. If adopted, the operating amendment will complete two additional CARES teams of one Community Paramedic and one contracted Crisis Worker each. This amendment funds a vehicle for the additional teams.

The CARES program was first included in the 2021 adopted budget and teams began responding to calls in September 2021. Currently there are two Community Paramedics and two contracted Crisis Workers in the program. The Department in in the process of recruiting for a third Community Paramedic. The existing staff allows for one team to be in service 40 hours per week on weekdays from 11:00 a.m. – 7:00 p.m. The team responds to calls in the central district.

The 2022 Executive budget continues funding for four Paramedics, two contracted Crisis Workers, contracted supervisory time for the Crisis Workers, a Public Health Specialist to act as project manager, and miscellaneous supplies and services. As staff is added, the hours and territory of the program may expand.

Operating Impact

Annual Impact:

\$0

In 2022, operating costs will be approximately \$5,950 for fleet charges associated with the vehicle (\$500 for fuel, \$450 for maintenance, and \$5,000 for depreciation) and will be absorbed within the Fleet rate. Annual operating costs will be approximately \$11,900 for fleet charges (\$1,000 for fuel, \$900 for maintenance, and \$10,000 for depreciation).

Discussion

Analysis

The 2022 Executive Capital Budget funds the Henry Vilas Zoo capital project by transferring \$75,000 from the General Fund to the Capital Fund. This General Fund transfer is included in Direct Appropriations in the Executive Operating Budget. This amendment will decrease the Transfer in from the General Fund by \$75,000 and replace the same amount with General Fund GO Borrowing for the Henry Vilas Zoo capital project. There is a corresponding operating budget amendment for CDD and Direct Appropriations.

This amendment, along with the operating amendment, provides \$75,000 to partially fund a consultant contract to update the Community Plan to Prevent and End Homelessness, which is required to be updated every five years. The \$75,000 is a match to Dane County's contribution and is contingent upon the Dane County adopted operating budget including \$75,000 to fund half of the contract.

Operating Impact

Annual Impact:

\$0

The operating impact is offset by transferring \$75,000 from Direct Appropriations to the Community Development Division.

Amendment

Create a new capital project that will fully scope the purchase and implementation of a 311 System and appropriate \$150,000 in General Fund general obligation (GO) borrowing for 2022.

Amendment Amount						
	2022	2023	2024	2025	2026	2027
GO Borrowing	150,000	0	0	0	0	0
<u>Other</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>
Total	\$150,000	\$0	\$0	\$0	\$0	\$0
Amendment Impact						
	Debt Service	\$17,585				
	TOAH Impact	\$0.19				

Discussion

Analysis

The 2022 Executive Operating Budget includes a 311/CRM System project on the Horizon List to purchase and implement the software to support a 311 service. The proposed amendment would fund a consultant contract to develop a 311 roadmap for the City, with recommendations including, but not limited to, the following: identifying the 311 contact center staffing model, identifying a facility model, determining the scope of services, developing appropriate structure and communication channels, and determining the operations of a 311-CRM system and services.

The consultant study will ultimately lead into hardware/software purchasing similar to IT's Property Assessment System capital project, which is budgeted at \$600,000 for 2022. The 311/CRM System will likely require other capital investments, like facilities and additional hardware, and will ultimately require operating support that will be primarily funded by the City's future operating budgets.

Operating Impact

Annual Impact: Unknown at this time

The operating impact in 2022 will be \$0 with future operating expenses being unknown at this time. A full 311/CRM service will likely require hiring a fulltime contact center manager and project manager even before beginning the system and facility build out.

2022 Capital Budget: Common Council Amendments (Adopted)								
			Amendment #					
Agency:	Information Technology	Page #:	94					
Project:	Digital Accessibility & Engagement	Project #:	12417					
Sponsor(s):	Alder Furman, Alder Evers, Alder Figueroa Cole							

Increase the General Fund GO borrowing for each year of the 2022 Capital Improvement Plan (CIP) by \$45,000 in order to fund the remaining 50% payroll allocation for the new Digital Equity Coordinator position (1.0 FTE) added to the Information Technology (IT) Department's 2022 operating budget.

The Digital Equity Coordinator was added to IT's operating budget by Finance Committee amendment #10.

Amendment Amount						
	2022	2023	2024	2025	2026	2027
GO Borrowing	45,000	45,000	45,000	45,000	45,000	45,000
<u>Other</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>	<u>0</u>
Total	\$45,000	\$45,000	\$45,000	\$45,000	\$45,000	\$45,000
Amendment Impact						
	Debt Service	\$31,652				
	TOAH Impact	\$0.34				

Discussion

Analysis

The 2022 Executive Operating Budget was amended by Finance Committee Amendment #10 to create a new Digital Equity Coordinator position in the IT Department. That adopted amendment requires 50% of this position to be funded by IT's capital budget. Increasing the funding for each year of the CIP assumes that this position will continue to support the Digital Accessibility & Engagement capital program.

Operating Impact

Annual Impact:

\$45,000

The cost of this operating impact has already be included in IT's 2022 Operating Budget through Finance Committee Amendment #10.

Discussion

Analysis

The 2019 capital budget included funding for a study of a combined Northside Public Safety Campus to include a new Fire Station #10, a new Police North District Station, and a new Police Property and Evidence Storage Facility. The results of the study were that a combined facility would offer very limited efficiencies and did not fully address the needs of either Fire or Police.

In the 2020 executive capital budget the project was split into three separate projects, Fire Station 10 Renovation/Reconstruction, Police North District Renovation/Reconstruction, and Police Property and Evidence Complex, and all three projects were moved to the Horizon List.

In the 2021 capital budget both of the Police projects were removed from the Horizon List and not included in the capital budget.

In the 2022 capital budget requests, Police asked for the projects to be added back to the Horizon List but neither project is included in the 2022 executive capital budget.

The proposed amendment adds a new Property and Evidence Facility project to the Horizon List.

The project will fund the land acquisition, design and development for and construction of a new facility to replace the existing multiple locations. Engineering completed an analysis and estimated a budget of \$21,400,000; \$1,500,000 for site procurement, \$1,900,000 for site and design, and \$18,000,000 for remaining site/design and construction.

	TOAH Impact	\$0.32				

Discussion

Analysis

The Executive Budget authorized eight additional recruits for the Police Department preservice Academy in May 2022. These recruits will backfill six police officers, one sergeant, and one detective needed to ensure equitable coverage and parallel response times for Town of Madison residents. The proposed amendment funds vehicles for the commissioned staff to cover the Town of Madison area.

Operating Impact

Annual Impact:

\$38,750

In 2022, operating costs will be approximately \$19,400 for fleet charges associated with the vehicles (\$5,800 for fuel and maintenance and \$13,600 for depreciation) and will be absorbed within the Fleet rate. Annual operating costs will be approximately \$38,750 for fleet charges (\$11,500 for fuel and maintenance and \$27,250 for depreciation).

2022 Capital B	Budget: Common Council Amendment	s (Adopted)		
			Amendment #	15-SUB
Agency:	Transportation Department	Page #:	163	
Project:	E-W Bus Rapid Transit	Project #:	17607	
Sponsor(s):	Alder Verveer, Alder Abbas			

This amendment maintains BRT funding and requests staff to:

-Evaluate alternate BRT station locations off State Street in the 300 blocks of West Gorham and West Johnson Streets. -Present BRT geometry/station locations to appropriate Boards, Committees, Commissions and the Common Council for approval.

Amendment Amount							
	2022		2023	2024	2025	2026	2027

	TOAH Impact		\$0.00				

Discussion

Analysis

East-West BRT routing was approved by Council in March 2020 (Legistar 59665) and again in January 2021 (Legistar 63184). The geometry is under design and is planned to be presented to Council for approval in the first half of 2022.

This amendment codifies the presentation of BRT geometry/station locations to appropriate Boards, Committees, Commissions and Council. This amendment also requests staff to evaluate station locations on the 300 block of West Johnson and West Gorham Streets as alternates to State Street BRT stations.

The proposed amendment, on its own, would not lead to project delays. If alternate stations are selected as a result of the requested study, delays could occur in the project development and environmental process. Each year of delay from the current schedule is estimated to add about \$5 million to project costs due to inflation.
