Project	Affordable Housing Redevelopment, Development, & Preservation	Project #	11817
Citywide Element	Neighborhoods and Housing	Project Type	Program

Project Description

This program was formerly called “Public Housing Redevelopment” and comprises the funds, planning, and implementation of CDA-sponsored affordable housing development, redevelopment, and preservation. This includes public housing redevelopment, land banking pre-development & development, mixed-use developments, Madison Revitalization and Community Development Corporation (MRCDC)-led preservation initiatives, and affordable housing renovation support. The CDA accomplishes these projects with the use of loans from the CDD Affordable Housing Development projects, TIF funding, and various external funding sources such as Low-Income Housing Tax Credit programs and other grants/loan structures. The goal of this program is to provide quality, affordable, and integrated housing for low-income individuals, people with disabilities, seniors, formerly homeless persons, and low-income families. The scope of the program includes the redevelopment of Theresa Terrace, CDA Redevelopment-owned properties that are outside of their 15-year tax credit compliance, public housing units moving through disposition, formerly public housing units that have been disposed out of the HUD portfolio, current public housing sites, currently-held sites waiting for redevelopment, and sites procured through the City’s land banking program.

Citywide Element	Neighborhoods and Housing	Project Type	Project

Project Description

This project consists of redeveloping surplus property and recent land banking acquisitions into a new CDA South Madison development that will serve many needed functions outlined in the South Madison Comprehensive Plan. Since the adoption of the 2023 Capital Improvement Plan, the City has assembled several acres of land near South Park Street and Badger Road in anticipation of a large, multi-phase redevelopment project featuring several hundred units of affordable housing utilizing TIF funding and housing tax credits. This is a multi-phase redevelopment effort includes the redevelopment of City-owned properties, currently held sites waiting for redevelopment, sites procured through the City’s land banking program, and potentially a small number of public housing units. This project encapsulates Capital Budget projects held within the Public Health, Fire, and Police budgets as new facilities are planned for the forementioned agencies. The project will not only increase needed amenities but also affordable housing. Capital planning began in 2024.
