Introduction

Introduction

The enclosed Full Cost Allocation Plan identifies the costs of indirect services provided by central service departments of the City of Madison, Wisconsin (City) based on actual expenditures for Fiscal Year 2020. MGT Consulting Group (MGT) prepared these documents at the request of the City.

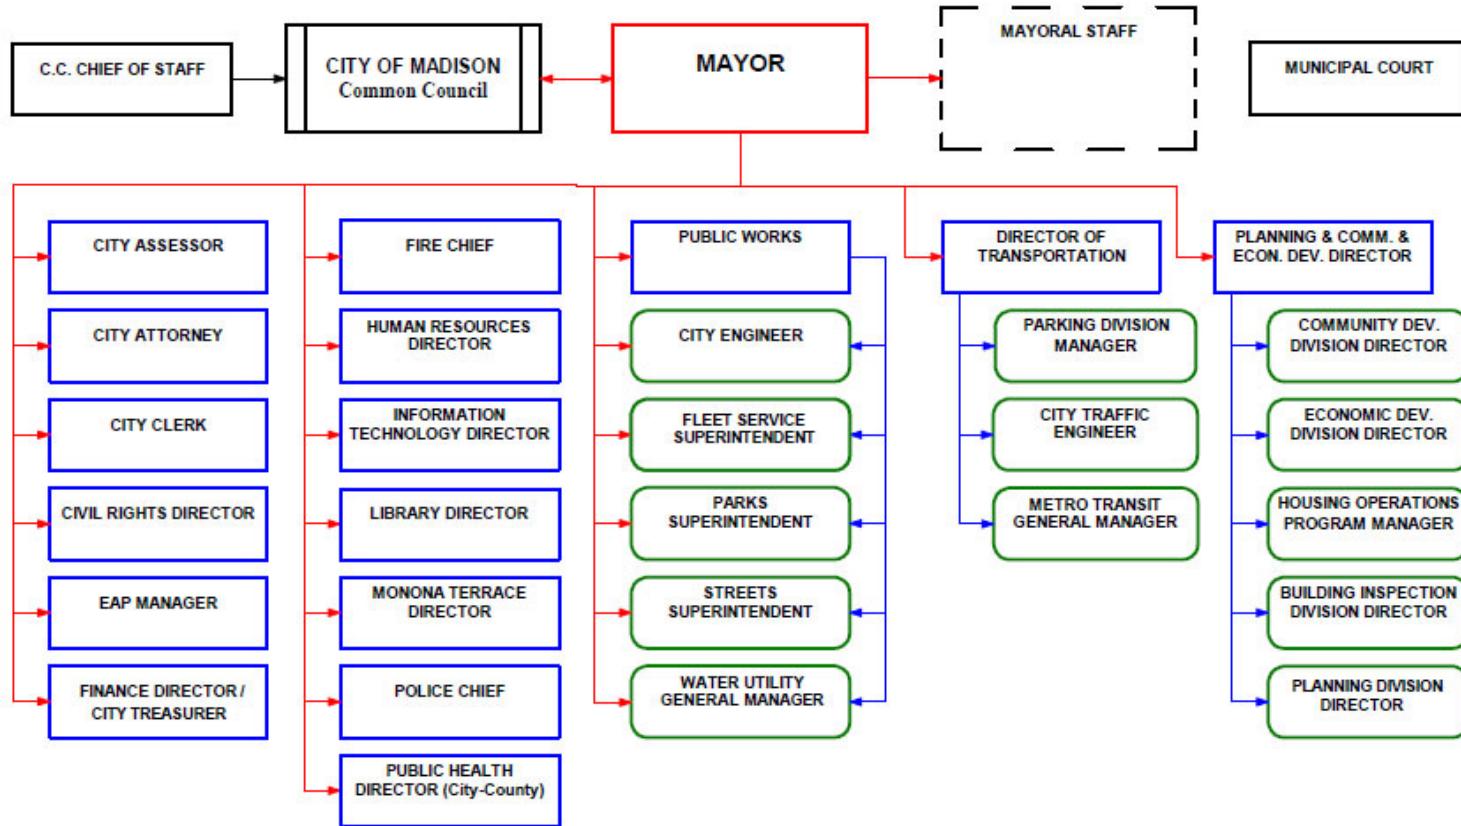

The Full Cost Allocation Plan is used by the City to claim indirect costs as charges against non-general fund operations of the City, excluding federal grant awards. The Cost Allocation Plan is kept on file by the City for review by interested parties.

City personnel provided the expenditure and allocation data to MGT consultants. MGT consultants then prepared the Cost Allocation Plan utilizing a double step-down methodology.

Reading the Cost Allocation Plan

Overview

The Full Cost Allocation Plan is a document that distributes, or allocates, City indirect costs. Indirect costs are those costs incurred by City divisions and departments that benefit other City divisions and departments. Examples of City indirect costs are finance, human resources and information technology.

The primary purpose for preparing the Cost Allocation Plan is to (1) identify the appropriate division and department indirect costs and (2) calculate corresponding indirect cost rates if needed.

The significant steps involved in preparing the Cost Allocation Plan include the following:

- Identify the City divisions and departments that provide support to other City divisions and departments. These divisions and departments are referred to as central service or allocating departments.
- Identify the City divisions and departments that receive support from other City divisions and departments. These departments are referred to as grantee or receiving departments.

- Accumulate the allowable actual expenditures of the City divisions and departments that provide support to other City divisions and departments.
- Distribute, or allocate, the allowable expenditures of the City divisions and departments that provide support to other City divisions and departments based on available, meaningful, measurable and auditable allocation statistics that match the service provided to the service received.

Process

A double-step down allocation methodology is used to allocate the allowable costs of the central service divisions and departments. This methodology recognizes the cross support provided between central service divisions and departments. For example, finance supports the information technology department by providing payroll, paying vouchers and preparing a budget. However, the information technology department also supports finance, by providing software and hardware support and by maintaining and administering various applications and systems.

The double-step down methodology requires an initial sequencing of allocating divisions and departments. In the first step of the double-step methodology, allowable costs from central service divisions and departments are allocated in the sequence selected to all City divisions, departments and funds; including to other central service divisions and departments. The second step in the double-step down methodology is made to fully account for the cross

support provided between central service divisions and departments. Central service divisions and departments are closed after the second step in the double-step down allocation methodology.

Sections

Table of Contents

The first few pages of the Cost Allocation Plan are the Table of Contents. The column on the left side of the pages lists the central service, or allocating, divisions and departments. Each central service division and department is broken down into functions. Functions are the specific services provided by a particular division and department. The middle column lists the allocation base for each corresponding function. The column on the right side of the pages is the applicable page number.

Summary Schedule

The next few pages of the Cost Allocation Plan are the Summary Schedule. The Summary Schedule identifies the total dollar amount allocated from every City allocating division and department to every City receiving division and department. Allocating divisions and departments are listed down the left column and receiving divisions, departments and funds are listed across the top of each page.

Detail Schedules

The remaining pages of the Cost Allocation Plan are the detail schedules for every central service division and department. The detail schedules for each central service division and department are structured in the following format.

Narrative - Lists the division and department name, provides a brief description of the activities performed, along with identifying the functions and the corresponding allocation base.

Departmental Costs (A) – Lists the actual expenditures for that division and department.

Incoming Costs (B) – Represents the support costs coming into the division and department from other allocating divisions and departments.

Total Allocated (C) - The total amount allocated for that division and department. This amount is found at the end of the Incoming Costs schedule.

Function Allocations - The distribution, or allocation, of the Total Allocated costs by function.

Allocation Summary – Shows the summary of allocated costs by function.

Building Depreciation Nature & Extent of Services

The City of Madison owns and operates numerous facilities to support the operations of its programs and services. The City maintains fixed asset records in compliance with generally accepted accounting principles and practices GASB statements and standards. The annual General Fund depreciation expense for buildings/building improvements is allowable for allocation. Building Depreciation has been identified and is allocated as follows:

- **City-County Building:** The City of Madison shares a facility with Dane County, who owns the building and charges the City rent for the space it occupies. The City is responsible for improvements for its offices. The depreciation expense on these improvements is allocated to departments based on usable square footage of occupied space.
- **Madison Municipal Building:** The City of Madison owns this facility, which houses the operations of various units of the Planning and Community Development Department as well as Human Resources, Traffic Engineering, and the Parking Utility. The depreciation expense on the facility is allocated to departments based on usable square footage of occupied space.
- **Fairchild Building:** The City of Madison owns this facility, which houses mainly vehicle maintenance and parking related functions for Engineering Services, Police, and Parks. The depreciation expense on this facility is allocated to departments based on the percentage of occupied space.
- **Department Specific** - Single occupant buildings have been allocated to the individual department based on actual depreciation.

Employee Assistance Program Nature & Extent of Services

The City of Madison's Employee Assistance Program provides free, confidential services to help prevent or resolve personal, family, and workplace problems affecting employee well-being and job performance. These services are offered through confidential assistance provided by external and internal staff. The services and resources are provided to current and retired City of Madison employees, families of employees, and significant others of employees. Services and activities of the Employee Assistance Program have been identified and are allocated as follows:

- **EAP Service Delivery:** Activities covered under this service area include employee consultations and related documentation/follow-up, supervisor/union consultations and related documentation/follow-up, workgroup interventions and mediations, and training and education. Related costs are allocated to departments based on the total number of internal employee and supervisor contacts/consultations.
- **Critical Incidents:** Critical incidents include situations experienced by a person that may cause them to experience unusually strong emotional reactions that have the potential to interfere with ability to function during the incident, immediately following the incident or later. Activities covered under this service area are include Critical Incident consultations with management, defusing/debriefings with those impacted by the incident, coordination of Peer Support Teams, and related documentation and follow-up. Related costs are allocated to departments based on the total number of attendees at internal critical incident debriefings.
- **External EAP:** Costs related to using external EAP services are allocated based on the total number of external employee and supervisor contacts/consultations.
- **External CISM:** Costs related to hiring external companies that handle critical incidents are allocated to departments based on the total number of attendees at external critical incident debriefings.

FULL COST ALLOCATION PLAN

Mayor

Nature & Extent of Services

The Mayor is the chief executive officer of the City and is responsible for directing City officers in the performance of their duties and responsibilities and supervising the development and implementation of operational goals for City agencies. The Mayor appoints and evaluates agency heads as provided by ordinance, reviews agency plans, policies and procedures for soundness and proper coordination, and provides direct guidance to agencies experiencing significant policy or organizational difficulties. The office also directs inter-agency staff teams in the identification and resolution of management problems that affect more than one City agency. A key responsibility of the Mayor is the annual submission of an annual Executive Budget to the Common Council after establishing guidelines and considering the capital and operating budget requests of City agencies.

The Mayor's Office is responsible for encouraging citizen participation in City government by making citizen appointments to City committees; training committee members on "open meetings" requirements, parliamentary procedure, and ethics requirements; maintaining a database of citizen candidates interested in appointment to City committees; and responding to concerns and initiatives presented by citizens and assisting them in their relations with City agencies. The Mayor's Office monitors State and national issues that affect the welfare of City residents. This includes representing the City's interests in the State budget process, State legislation and administration, acting as liaison with the City's State legislative delegation, and maintaining contact with State and Federal legislators and administrators. The Mayor's Office provides public information through preparing and distributing press releases, position papers and correspondence, scheduling and conducting press conferences and interviews, representing the City at civic meetings and official functions and responding to inquiries from the press, organizations and individuals.

Costs associated with the operations of Mayor's office have been allocated to departments based on the number of full-time equivalent employees.

CITY OF MADISON, WISCONSIN

FY 2020 ACTUALS

FULL COST ALLOCATION PLAN

Human Resources Nature & Extent of Services

The Human Resources Department is responsible for supporting the City's activities related to recruiting, developing, and sustaining a diverse, highly qualified, and productive workforce. The Department supports other City agencies in organizational development to ensure quality City services, ensures compliance with personnel rules, and supports agencies in recruitment efforts. Costs for the Human Resources Department have been identified and functionalized as follows:

- **HR & Benefits Administration:** Costs associated with supporting City departments in providing general human resources support, including the development and implementation of the employee benefits program and are allocated to departments based on the number of FTE's.
- **Union and Association Administration:** Cost associated with supporting the City's obligations for contract negotiation and management, working with Employee Associations in developing and implementing employee handbooks are allocated to departments based on the number of represented and association employees.
- **Accommodation & FMLA Administration:** Costs associated with administering the City's Family and Medical Leave Act (FMLA), disability leave, layoffs, and occupational accommodations are allocated to departments based on the number of reviews performed.
- **Compensation & Hiring Administration:** Costs associated with assisting the City and it agencies in achieving their goals by developing and implementing recruitment and selection strategies, and assisting in the implementation of organizational changes (including the classification and reclassification of employees and positions) along with working with the Personnel Board are allocated to departments based on the number of employees, less represented staff in the Police Department.
- **Employee Development:** Costs associated with supporting the successful engagement of City of Madison employees and agencies through the coordinated work of organizational development and wellness programs as well as oversight of the City's employee engagement initiatives, and coordination of internal and external training for employees are allocated based on the number of FTE's.

CITY OF MADISON, WISCONSIN

FY 2020 ACTUALS

FULL COST ALLOCATION PLAN

Information Technology Nature & Extent of Services

The Information Technology (IT) Department is responsible for providing services to all City agencies for computer usage, software development, personal computer support, mobile computing, telephones, network communications, computer training, and general IT consulting. The Department also supports a wide variety of software from email to document management systems to enterprise databases, facilitates the dissemination of City information to the public via the City website, and provides the ability for the public to conduct business with the City via the internet. The Agency also includes Madison's Media Team unit, which provides television and internet streaming coverage of public meetings.

Costs for the Information Technology Department have been identified and are allocated as follow:

- **Network and Infrastructure Support:** Costs associated with the support of the City's general network and infrastructure, including device maintenance are allocated based on the number of supported devices by department.
- **Phone System Administration:** Costs associated with the administration and support of the City's phone system are allocated based on phone system charges to departments.
- **Media Services:** Costs associated with the media team related to the provision of live coverage of meetings as well as taped replays and online archive of meetings are allocated to the City Channel/Media Services.
- **Application Support & Development:** Costs associated with the administration of agency specific applications, software, and webpages are allocated based on IT staff salary by benefiting department.
- **Software Maintenance:** Costs for software maintenance that are paid out of the IT budget, but are used by individual City departments, have been allocated based on the maintenance costs per department.

CITY OF MADISON, WISCONSIN

FY 2020 ACTUALS

FULL COST ALLOCATION PLAN

Finance Department Nature & Extent of Services

The Finance Department is responsible for enhancing the financial health of the City of Madison and serves as the steward of the City's resources through financial information, advice and support to the public, employees, City agencies and policymakers. The agency is responsible for citywide financial services including: general accounting, financial reporting, budgeting, internal audit, risk management, purchasing, payroll, debt management, collecting property tax, and processing payments. The goal of the Finance Department is to provide quality service to City agencies and facilitate processes that contribute to quality financial information for internal and external stakeholders. Costs for the Finance Department have been identified and functionalized as follows:

- **General Accounting & Reporting:** Costs associated with general accounting and reporting, including the processing of vouchers, preparing the Comprehensive Annual Financial Report and other support necessary to ensure the City's financial activities are compliant with Generally Accepted Accounting Principles, are allocated to departments based on the number of transactions processed during the fiscal year (AP Invoice Processing, AP Invoice Maintenance, AP Cash, GB Automated Maintenance, and General Journal Entry).
- **Budget Management:** Costs associated with the preparation and monitoring of the City's annual operating and capital budget as well as implementing systems to share information in a transparent and meaningful manner for internal and external stakeholders are allocated to departments based on equally weighted percentages of budgeted expenditures, excluding inter department billings and transfers, BUA transactions, and Common Council budget amendments.
- **Administrative Support:** Costs associated with clerical and office services provided to City agencies including assistance with both special projects and day-to-day operations and the provision of a centralized Document Services Unit that provides confidential word processing services, as well as software support to City agencies, application conversion, website administration and assistance with agency budget preparation are allocated to departments based on the number of support hours per department.
- **Risk Management:** Costs associated with the administration of the City's general liability, auto liability, property and other miscellaneous insurance programs and serving as the liaison between the City and the Wisconsin Municipal Mutual Insurance Company (WMMIC) along with monitoring the insurance requirements of City contracts, investigating of the appropriateness of claims against the City, and implementation, administration and continued enhancement of the City Safety and Worker's Compensation programs are allocated to these two agencies based on total departmental charges.

FULL COST ALLOCATION PLAN

Insurance Nature & Extent of Services

The mission of the Insurance Fund is to protect the assets of the City through the purchase of insurance and the utilization of other risk management techniques such as loss control, risk transfer, and avoidance. Staff within the agency are responsible for the purchase of insurance, including property, liability, crime, equipment breakdown, auto physical damage, and other ancillary coverages for the City. Staff also operates as the City's liaison with its liability carrier with respect to claims filed against the City and with agencies regarding other risk management issues, including the funding the City's emergency management program. The goal of the Insurance Fund is to provide a cost-effective manner of protecting the assets of the City.

Insurance operates as an internal service fund for the City, charging departments based on various risk and liability coverage factors. No direct costs are allocated within the cost plan, only indirect costs are being allocated based on the amounts directly charged by benefiting department.

Workers Compensation Nature & Extent of Services

The mission of Workers Compensation is to protect the interests of City workers who are injured or become ill on the job by making timely, appropriate, and accurate decisions on claims, providing prompt payment of benefits, and assisting injured workers in returning to work as soon as is feasible. The Agency is responsible for retaining a third-party administrator to handle the City's workers' compensation claims, providing safety services, managing the City's return-to-work program, and purchasing stop loss coverage. Staff manages the City's safety program and operates as the City liaison with its third-party administrator.

Workers Compensation operates as an internal service fund for the City, charging departments based on various risk and coverage factors. No direct costs are allocated within the cost plan, only indirect costs are being allocated based on the amounts directly charged by benefiting department.

Public Works - Engineering Services Nature & Extent of Services

The Public Works Engineering Services Division is responsible for providing a variety of Public Works services to the City's residents and visitors in a fair and consistent manner that encourages public input. The Engineering Services Division is responsible for: the design, supervision, inspection, and construction of the City's transportation system infrastructure; the construction, maintenance, repair, and energy efficient retrofits to City-owned facilities; and the City surveying and mapping operations. Costs for the Engineering Services Division have been identified and functionalized as follows:

- **Facilities - General:** Costs associated with the design, project management, and construction supervision of remodeling and construction projects for City-owned facilities as well as the maintenance and operational oversight of City-owned facilities including: the Madison Municipal Building (MMB), the Fairchild Building, Engineering Services Building, 4 district police stations, the police training center, 13 fire stations, 7 Public Works facilities, the Madison Senior Center, 6 parking ramps, 3 leased facilities, and various storage buildings are allocated based on an analysis of facility costs by benefiting building and department during 2020. Sewer Utility, Stormwater Utility, and Landfill have not been included in the allocation function as they pay directly for their portions. Amounts previously billed for facilities related services have been appropriately offset against allocated costs.
- **Facilities – Engineering Ent Funds:** Costs associated with the Enterprise Funds for design, project management, and construction supervision of remodeling and construction projects for City-owned facilities as well as the maintenance and operational oversight of City-owned facilities including: the Madison Municipal Building (MMB), the Fairchild Building, Engineering Services Building, 4 district police stations, the police training center, 13 fire stations, 7 Public Works facilities, the Madison Senior Center, 6 parking ramps, 3 leased facilities, and various storage buildings are allocated based on an analysis of facility costs by benefiting building and department during 2020. The Enterprise funds pay directly for their associated costs, only indirect costs are being allocated to them through this function.
- **General Engineering:** All other Engineering costs are not allocated within this plan.
