

To the Board of Health and Management  
Public Health – Madison and Dane County  
Madison, Wisconsin

Thank you for using Baker Tilly Virchow Krause, LLP as your auditor.

We have completed our audit of the financial statements of Public Health – Madison and Dane County (the “department”) for the year ended December 31, 2016 and have issued our report thereon dated June 28, 2017. This letter presents communications required by our professional standards.

***TWO WAY COMMUNICATION REGARDING YOUR AUDIT***

As part of our audit of your financial statements, we are providing communications to you throughout the audit process. Auditing requirements provide for two-way communication and are important in assisting the auditor and you with more information relevant to the audit.

As this past audit is concluded, we use what we have learned to begin the planning process for next year’s audit. It is important that you understand the following points about the scope and timing of our next audit:

- a. We address the significant risks of material misstatement, whether due to fraud or error, through our detailed audit procedures.
- b. We will obtain an understanding of the five components of internal control sufficient to assess the risk of material misstatement of the financial statements whether due to error or fraud, and to design the nature, timing, and extent of further audit procedures. We will obtain a sufficient understanding by performing risk assessment procedures to evaluate the design of controls relevant to an audit of financial statements and to determine whether they have been implemented. We will use such knowledge to:
  - > Identify types of potential misstatements.
  - > Consider factors that affect the risks of material misstatement.
  - > Design tests of controls, when applicable, and substantive procedures.

We will not express an opinion on the effectiveness of internal control over financial reporting or compliance with laws, regulations, and provisions of contracts or grant programs. For audits done in accordance with *Government Auditing Standards*, our report will include a paragraph that states that the purpose of the report is solely to describe the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance and that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting and compliance. The paragraph will also state that the report is not suitable for any other purpose.

***TWO WAY COMMUNICATION REGARDING YOUR AUDIT (cont.)***

- c. The concept of materiality recognizes that some matters, either individually or in the aggregate, are important for fair presentation of financial statements in conformity with generally accepted accounting principles while other matters are not important. In performing the audit, we are concerned with matters that, either individually or in the aggregate, could be material to the financial statements. Our responsibility is to plan and perform the audit to obtain reasonable assurance that material misstatements, whether caused by errors or fraud, are detected.
- d. We address the significant risks or material noncompliance, whether due to fraud or error, through our detailed audit procedures.
- e. We will obtain an understanding of the five components of internal control sufficient to assess the risk of material noncompliance related to the federal and state awards whether due to error or fraud, and to design the nature, timing, and extent of further audit procedures. We will obtain a sufficient understanding by performing risk assessment procedures to evaluate the design of controls relevant to an audit of the federal and state awards and to determine whether they have been implemented. We will use such knowledge to:
  - > Identify types of potential noncompliance.
  - > Consider factors that affect the risks of material noncompliance.
  - > Design tests of controls, when applicable, and substantive procedures.

Our audit will be performed in accordance with U.S. generally accepted auditing standards, *Government Auditing Standards*, OMB's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the *State Single Audit Guidelines*.

We will not express an opinion on the effectiveness of internal control over financial reporting or compliance with laws, regulations, and provisions of contracts or grant programs. For audits done in accordance with *Governmental Auditing Standards*, the Uniform Guidance, and the *State Single Audit Guidelines*, our report will include a paragraph that states that the purpose of the report is solely to describe (a) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (b) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance and, (c) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting and compliance and the Uniform Guidance and the *State Single Audit Guidelines* in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose.

The concept of materiality recognizes that some matters, either individually or in the aggregate, are important for reporting material noncompliance while other matters are not important. In performing the audit, we are concerned with matters that, either individually or in the aggregate, could be material to the entity's federal and state awards. Our responsibility is to plan and perform the audit to obtain reasonable assurance that material noncompliance, whether caused by error or fraud, is detected.

***TWO WAY COMMUNICATION REGARDING YOUR AUDIT (cont.)***

We are very interested in your views regarding certain matters. Those matters are listed here:

- a. We typically will communicate with your top level of management unless you tell us otherwise.
- b. We understand that the department's board has the responsibility to oversee the strategic direction of your organization, as well as the overall accountability of the entity. Management has the responsibility for achieving the objectives of the entity.
- c. We need to know your views about your organization's objectives and strategies, and the related business risks that may result in material misstatements.
- d. Which matters do you consider warrant particular attention during the audit, and are there any areas where you request additional procedures to be undertaken?
- e. Have you had any significant communications with regulators or grantor agencies?
- f. Are there other matters that you believe are relevant to the audit of the financial statements?

Also, is there anything that we need to know about the attitudes, awareness, and actions of the Hospital concerning:

- a. The department's internal control and its importance in the entity, including how those charged with governance oversee the effectiveness of internal control?
- b. The detection or the possibility of fraud?

We also need to know if you have taken actions in response to developments in financial reporting, laws, accounting standards, governance practices, or other related matters, or in response to previous communications with us.

With regard to the timing of our audit, here is some general information. If necessary, we may do preliminary financial audit work during the months of October-December, and sometimes early January. Our final fieldwork is scheduled during the spring to best coincide with your readiness and report deadlines. After fieldwork, we wrap up our audit procedures at our office and may issue drafts of our report for your review. Final copies of our report and other communications are issued after approval by your staff. This is typically 6-12 weeks after final fieldwork, but may vary depending on a number of factors.

Keep in mind that while this communication may assist us with planning the scope and timing of the audit, it does not change the auditor's sole responsibility to determine the overall audit strategy and the audit plan, including the nature, timing, and extent of procedures necessary to obtain sufficient appropriate audit evidence.

We realize that you may have questions on what this all means, or wish to provide other feedback. We welcome the opportunity to hear from you.

***OUR RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED  
IN THE UNITED STATES OF AMERICA, GOVERNMENT AUDITING STANDARDS,  
THE UNIFORM GUIDANCE AND THE STATE SINGLE AUDIT GUIDELINES***

The objective of a financial statement audit is the expression of an opinion on the financial statements. We conducted the audit in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, OMB's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the *State Single Audit Guidelines*. These standards require that we plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements prepared by management with your oversight are free of material misstatement, whether caused by error or fraud. Our audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit does not relieve management or the board of their responsibilities.

We considered the department's internal control over financial reporting in order to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the department's internal control over financial reporting. We also considered internal control over compliance with the types of requirements that could have a direct and material effect on a major federal or major state program to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for a major federal or major state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

As part of obtaining reasonable assurance about whether the department's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also, in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, we examined, on a test basis, evidence about the department's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *State Single Audit Guidelines* that could have a direct and material effect on each of its major federal and state programs for the purpose of expressing an opinion on the department's compliance with those requirements. While our audit provides a reasonable basis for our opinion on compliance, it does not provide a legal determination on the department's compliance with those requirements.

We have issued a separate document which contains the results of our audit procedures to comply with the Uniform Guidance and the *State Single Audit Guidelines*.

***OTHER INFORMATION IN DOCUMENTS CONTAINING AUDITED FINANCIAL STATEMENTS***

Our responsibility does not extend beyond the audited financial statements identified in this report. We do not have any obligation to and have not performed any procedures to corroborate other information contained in client prepared documents, such as official statements related to debt issues.

***PLANNED SCOPE AND TIMING OF THE AUDIT***

We performed the audit according to the planned scope and timing previously communicated to you in our communication to those charged with governance and management dated July 15, 2016.

***QUALITATIVE ASPECTS OF THE ENTITY'S SIGNIFICANT ACCOUNTING PRACTICES***

***Accounting Policies***

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the department are described in Note I to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2016. We noted no transactions entered into by Public Health – Madison and Dane County during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

***Accounting Estimates***

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- > The estimate of the Other Postemployment Benefits (OPEBs) liability, which is based upon information provided to actuaries contracted by the City of Madison and Dane County.
- > The estimate of the net pension asset and related deferred outflows/inflows of resources is based on information obtained from the Wisconsin Retirement System.

We evaluated the key factors and assumptions used to develop all of these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

***Financial Statement Disclosures***

The disclosures in the notes to the financial statements are neutral, consistent, and clear.

***DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT***

We encountered no significant difficulties in dealing with management in performing our audit.

***CORRECTED AND UNCORRECTED MISSTATEMENTS***

Professional standards require us to accumulate all known and likely misstatement identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

There were no such misstatements identified.

***DISAGREEMENTS WITH MANAGEMENT***

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

***CONSULTATIONS WITH OTHER INDEPENDENT ACCOUNTANTS***

In some cases, management may decide to consult with other accountants about auditing and accounting matters. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

***MANAGEMENT REPRESENTATIONS***

We have requested certain representations from management that are included in the management representation letter. This letter follows this required communication.

***INDEPENDENCE***

We are not aware of any relationships between Baker Tilly Virchow Krause, LLP and Public Health –Madison and Dane County that, in our professional judgment, may reasonably be thought to bear on our independence.

Relating to our audit of the financial statements of Public Health – Madison and Dane County for the year ended December 31, 2016, Baker Tilly Virchow Krause, LLP hereby confirms that we are, in our professional judgment, independent with respect to the department in accordance with the Code of Professional Conduct issued by the American Institute of Certified Public Accountants, and provided no services to the department other than audit services provided in connection with the audit of the current year's financial statements and nonaudit services which in our judgment do not impair our independence.

- > Financial statement preparation

None of these nonaudit services constitute an audit under generally accepted auditing standards, including *Government Auditing Standards*.

***OTHER AUDIT FINDINGS OR ISSUES***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the department's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

***OTHER MATTERS***

We applied certain limited procedures to the required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the supplementary information which accompanies the financial statements but is not RSI. With respect to the supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

***RESTRICTION ON USE***

This information is intended solely for the use of the board of health and management and is not intended to be, and should not be, used by anyone other than the specified parties.

We welcome the opportunity to discuss the information included in this letter and any other matters. Thank you for allowing us to serve you.
