Here's an example:

Oreo, a 9-year-old male rabbit, was brought to the veterinarian after several days of abdominal pain, lethargy and loss of appetite.

He was diagnosed with an intestinal obstruction.

Nationwide
reimbursed
\$2,156²

Veterinary bill: \$3,330

Owner's net cost: \$1,174

(after \$250 annual deductible and co-pay)

[1] Some exclusions may apply. Certain coverages may be excluded due to pre-existing conditions. See policy documents for a complete list of exclusions and any annual limits that may apply. Plans may not be available in all states. Policy eligibility may vary. [2] This example is based on an actual pet insurance claim from a Nationwide member who was enrolled prior to the introduction of the new Avian & Exotic Pet plan. Their claim was reimbursed according to the plan in which the respective member was enrolled at the time. Amount shown here reflects how reimbursement would be calculated with the Avian & Exotic pet plan with a 70% reimbursement and a \$250 annual deductible not met on prior claims. Nationwide does not determine the amount a veterinarian may charge; that amount will vary by region and veterinary practice.

All plans require accident coverage; additional coverage for illness, hereditary & congenital, and wellness is optional. Optional coverage for behavior, prescription food and prescription supplements may also be available. Optional cruciate coverage may be added after the first year of coverage; not available in all states. Pre-existing conditions are not covered.
