

"Not Homeless Enough"

Screening and Community Conversation

January 20, 6-7 p.m. | Virtual

Join a screening of the film "Not Homeless Enough", which features four Madison-area families experiencing homelessness in a non-traditional way. Senator Melissa Agard and filmmaker Diane Nilan will introduce the film and talk briefly about the issue of doubled-up homelessness. After the screening, stay for a brief conversation that will include ways you can help support these families in our community.

“Having a place where my son is safe... where he can come home and feel good...to his bedroom...his own space...that right there means a lot.”
