Individual gardens may adjust these fees proportionately where plot sizes vary from the standard of 20' x 20' or 400 square feet.
(Help in calculating appropriate adjustments is available from CAC)

When determining “household size or number of gardeners” If a single household is using a plot, count the number of people in household; if multiple households are using a single plot please add all household members and incomes together to determine plot fee.

Fee scale is based on County and Federal Income Guidelines.
