

EARNED INCOME TAX CREDITS

What are they?

Put simply, they help families and individuals who earn low-to-moderate incomes keep more of what they earn. They lower taxes, add to wages and make work more affordable. An Earned Income Tax Credit can result in thousands of extra dollars to families- yet every year, many families who think they're not eligible fail to claim them.

Don't Miss Out

Tax payers who have earned income but are not required to file taxes miss out on this credit. Only one in four who are eligible actually apply for an EITC.
