

Madison Bus Rapid Transit (BRT)

The Planning Process for Bus Rapid Transit Continues!

The City of Madison's East-West Bus Rapid Transit (BRT) System is moving forward with more detailed planning, design, and engineering to make our city's transit system work faster and smarter!

BRT uses dedicated lanes where feasible and modern stations to provide fast and cost-effective service to jobs, entertainment, and schools. Madison's BRT will complement existing Metro routes and be our city's next big step toward a more sustainable local transit system.

East Washington Ave. Roadway Refinements

November 16, 6:30-8:00 p.m.
Virtual Meeting (Zoom)

Find Zoom meeting link at MadisonBRT.com

Community members will have an opportunity to learn about the planned first phase of the Bus Rapid Transit (BRT) system and some possible changes to East Washington Ave. There will be a Q&A portion of the meeting. Please attend and share your input!

Want to Know More?
