Application Instructions for Paratransit Eligibility

If you are unable to use Metro’s accessible fixed route bus service due to a disability, you may be eligible for paratransit service. Metro’s paratransit service is a shared ride transportation service that uses a variety of companies and vehicles to respond to individual ride requests.

To determine whether you are eligible for paratransit service, Metro considers your functional ability to use Metro’s city bus service. We do not base eligibility on symptoms, type of disability, use of a mobility aid, age, income, ability to drive, or access to a private automobile. Someone with similar circumstances may have a very different eligibility determination due to their functional ability.

To apply for eligibility, please complete the application and participate in an in-person assessment. In some instances, Metro may also contact a professional you’ve identified to provide any needed clarification of your status.

Here are the steps to complete the process:

1. Complete the attached Application fully.
2. Use the Application Checklist to assist you in completing the process.
3. Submit your application in one of several ways as noted in the Checklist.
4. Respond to Metro when contacted to schedule an assessment.
5. Participate in the scheduled in-person assessment.
6. A written notice of the eligibility determination will be provided.
