

Posting Temporary Parking Restrictions

Instructions

Full Block Postings: Signs every 50 to 60 feet, which is approximately 3 to 4 car lengths.

Signs **MUST** be inspected 48 hours, or more, in advance of date(s) of use by Parking Enforcement to become valid.

After posting:

- Mon - Fri, 8 am - 4 pm, call (608) 266 - 4622

For Approval, signs MUST follow these guidelines:

- 3 to 4 feet off the ground - allowing for visibility to vehicles
- presented on a sturdy stake, lathe or approved sign pole (cannot be attached to trees or electrical poles)
- facing on-coming traffic
- perpendicular to the street

Not Approvable:

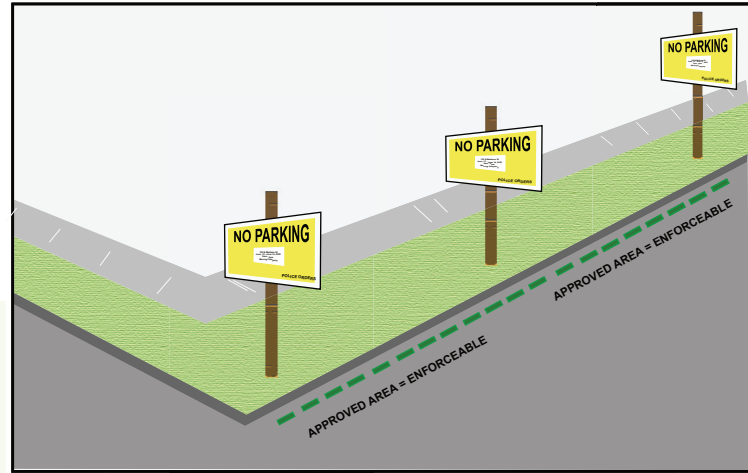

Buckets with sand, flexible posts (ex. garden stakes, hangers, garage sale signs), & moveable items like A-frames.

Things to Remember

- Original sign requests, and any changes (dates, times, locations, etc.), must be made through the Parking Division, and the signs will need to be (re)checked.
- It is your responsibility to call Parking Enforcement for checks and approvals of your signs.
- Signs must be securely fashioned to the stake & secured in the ground.
- Do not use tape to adhere signs to pole, use zip-ties.
- Do not post in a space where Temporary Postings already appear. Find a new space in that area.
- It is your responsibility to check on, and maintain, your sign postings. If they are damaged, fall, or need to be replaced, they will need to be re-checked by Parking Enforcement.
- You are responsible for removing the signs after the posting expires, or use is no longer needed.
