

## Heifetz Park

### 1. Site Conditions

- Existing equipment **at least 28** years old. Acquired by the city in 2022.
- All existing equipment and pea gravel surfacing will be removed
- Playground footprint to be combined into 1 area

### 2. Proposed Age Range of Play Structure

- Park has **5** playgrounds within 1 mile of the park
- Can get playground elements in a 5-12 playground that are ground elements suitable for ages 2-5

The neighborhood would prefer a play structure for age group (check one):	
<input type="checkbox"/> Ages 2-5	<input checked="" type="checkbox"/> Ages 5-12

### 3. Proposed Surfacing

- Discussed pros and cons
- These are the only options because of fall height requirements

The neighborhood would prefer (check one):	
<input checked="" type="checkbox"/> Wood mulch	<input type="checkbox"/> Recycled Shredded Rubber

Wood mulch was discussed as the better alternative because it is biodegradable and has a more natural feel than recycled rubber.

### 4. Proposed Play Structure

- Images are examples of the max we can fit within our budget so there can be different features, but it is a push pull

The neighborhood would prefer a playground from the manufacturer (check one) and keep plans with stickers for scanning:	
<input type="checkbox"/> Gametime	<input type="checkbox"/> Little Tykes
<input type="checkbox"/> Burke	

There was not a clear consensus on the playground manufacturer, park staff will continue to explore options to present at the next meeting.

### 5. Proposed colors options

- Need ideas on color schemes

The neighborhood would prefer (check one):	
Posts	Railings
<input type="checkbox"/> Silver	<input type="checkbox"/> Sky
<input type="checkbox"/> Blue	<input type="checkbox"/> Orange
<input type="checkbox"/> Purple	<input type="checkbox"/> Limon
<input type="checkbox"/> Tan	<input type="checkbox"/> Pine Green
<input type="checkbox"/> Brown	

There was not a clear consensus on the playground color but some preference for more natural color schemes. Park staff will continue to explore options to present at the next meeting.
