FRIENDS OF MADISON PARKS: FORMATION, RULES, AND SUPPORT GUIDELINES

This document serves as a comprehensive resource for establishing and maintaining Friends of Madison Parks groups, which play a vital role in enhancing our city's park system and fostering community engagement. It includes guidelines for formation and recognition, essential rules, and best practices to help interested individuals and organizations effectively form and operate Friends groups. By adhering to these varied guidelines and collaborating with the City of Madison Parks Division, Friends groups can make a meaningful impact on our community and contribute to the continued vitality of our park system.

How to Form a Friends of Madison Parks Group

1. **Identify Interested Individuals or Organizations:** Reach out to community members, local organizations, neighborhood associations, or park enthusiasts who share a common interest in supporting Madison's parks. Gauge interest and commitment levels among potential members.
2. **Articulate Mission and Goals:** Collaboratively develop a mission statement and set of goals that align with the vision and values of the City of Madison and Madison Parks. Define the primary objectives of the group, such as park improvement projects, community engagement initiatives, and environmental stewardship efforts.
3. **Establish Organizational Structure:** Determine the leadership structure and governance model for the Friends group. This may include electing officers (e.g., President, Vice President, Treasurer, Secretary) and establishing decision-making processes (e.g., voting procedures, meeting frequency). While electing officers is a best practice for improved organization, it is not a requirement.
4. **Engage with the Parks Volunteer Coordinator:** Initiate contact with the Madison Parks Volunteer Coordinator to express your interest in forming a Friends group and seek guidance on the process. The coordinator can provide valuable insights, resources, and support to help facilitate the formation of the group.
5. **Submit Application for Recognition:** Prepare and submit a formal application for the recognition of the Friends group to the Board of Park Commissioners. The application should include details about the group's mission, goals, organizational structure, proposed initiatives, and anticipated benefits to the community.
6. **Present Proposal to the Board:** Attend a scheduled meeting of the Board of Park Commissioners to present your proposal for the recognition of the Friends group. Be prepared to provide additional information and answer any questions from board members about the group's objectives and activities.
7. **Receive Approval from the Board:** Upon review and consideration of the application, the Board of Park Commissioners will vote on whether to approve the recognition of the Friends group. If

approved, the group will receive official recognition and endorsement from the board, formalizing its relationship with Madison Parks. If not approved, the group may still exist, although its relationship with Madison Parks will be informal. A group that is not approved for recognition may resubmit an application for consideration at later meetings.

8. **Commence Operations:** With Board of Park Commissioners recognition secured, the Friends group can begin its operations and activities. Regular communication and collaboration with Madison Parks are essential to ensure ongoing support and alignment with City guidelines.

Process for Existing Friends Groups Approval (April 2025 Onward)

Beginning in **April 2025**, all existing Friends Groups must go through a brief approval process to ensure alignment with Madison Parks' mission and operational guidelines. This process will involve submitting a short **application form**, which will include:
