RE: Approval of a Certified Survey Map of 3.6 acres of land located at 3472 Meier Road, Town of Blooming Grove, in the City of Madison's extraterritorial plat approval jurisdiction (Blatterman property).

Dear Mr. Birrenkott;

The Plan Commission, meeting in regular session on September 18, 2006, **conditionally approved** your client's one-lot certified survey of property located at 3472 Meier Road, Town of Blooming Grove. The conditions of approval from the reviewing agencies for the CSM are:

Please contact Janet Dailey, City Engineering, at 261-9688 if you have questions regarding the following eight conditions:

1. The City of Madison vacated the portions of Old Meier Road from Meier Road to Ohmeda Drive within their jurisdiction, per Document No. 3948865, south of this proposed CSM. It was the intentions of the Town of Blooming Grove to vacate the remaining portion of Old Meier Road within their jurisdiction. Confirm with Town of Blooming Grove and/or Dane County records to determine if that is in fact the case and revise the CSM accordingly.
2. Clarify that the horizontal coordinates and bearing reference shown on this CSM are based on the original NAD27 datum as published by City of Madison on Alster & Associates Inc. 1960 Control Survey station tie sheets. Also clarify that the elevation shown on the PLSS corner for the East quarter-corner is a calculated NGVD29 value referenced to NAVD88 vertical datum per City of Madison PLSS tie sheet by Carl Sandsnes dated February 16, 2004.
3. Lots will be responsible for paying MMSD and City sewer area fees when sewer becomes available.
4. The applicant shall dedicate a 15-foot wide permanent limited easement for grading and sloping along Meier Road.
5. Arrows shall be added to the certified survey map indicating the direction of drainage for each property line not fronting on a public street. In addition, the certified survey map shall include lot corner elevations, for all lot corners, to the nearest 0.25-foot. The following notes shall be added to the certified survey map.
 - a.) Arrows indicate the direction of surface drainage swale at individual property lines. Said drainage swale shall be graded with the construction of each principal structure and maintained by the lot owner unless modified with the approval of the City Engineer.

Elevations given are for property corners at ground level and shall be maintained by the lot owner.

- b.) All lots within this survey are subject to a public easement for drainage purposes which shall be a minimum of 6-feet in width measured from the property line to the interior of each lot except that the easement shall be 12-feet in width on the perimeter of the certified survey map. Easements shall not be required on property lines shared with green ways or public streets. No structures may be constructed within said easement and no other obstructions to drainage, including landscaping are permitted without the prior written approval of the City Engineer.
6. If the lots within this certified survey map are inter-dependent upon one another for storm water runoff conveyance, and/or a private drainage system exists for the entire site an agreement shall be provided for the rights and responsibilities of all lot owners. Said agreement shall be reviewed and placed on file by the City Engineer, referenced on the certified survey map and recorded at the Dane County Register of Deeds.
7. A minimum of two working days prior to requesting City Engineering signoff on the plat/csm the applicant shall contact Janet Dailey to obtain the final stormwater utility charges that are due and payable prior to subdivision of the properties. The stormwater utility charges (as all utility charges) are due for the previous months of service. All charges shall be cleared prior to the land division (and subsequent obsolesces of the existing parcel).
8. Wisconsin Administrative Code A-E 7.08 identifies when Public Land System (PLS) tie sheets must be filed with the Dane County Surveyor's office. The Developer's Surveyor and/or Applicant must submit copies of required tie sheets or condition reports for all monuments, including center of sections of record, used in this survey, to Eric Pederson, City Engineering. If a new tie sheet is not required under A-E 7.08, Engineering requests a copy of the latest tie sheet on record with Dane County Surveyor's office. The Applicant shall identify monument types on all PLS corners included on the Plat or CSM. Note: Land tie to two PLS corners required.

In addition, Madison Gas and Electric and AT&T have requested that a 10-foot utility easement be provided on this survey along the entire Meier Road frontage of proposed Lot 1.

Please note that the City Real Estate Office is reviewing the report of title provided with this survey and may have comments. That office will send any comments to you by fax. If you have any questions, please contact Jeff Ekola at 267-8719 for more information.

As soon as the comments and conditions have been satisfied as verified with a completed affidavit form (enclosed), the original along with the revised Certified Survey Map, with all signatures and approvals from the reviewing agencies, shall be brought to this office for final signoff. You or your client may then record the certified survey at the Dane County Register of Deeds. For information on recording procedures and fees, contact the Register of Deeds at 266-4141.

Upon acceptance and recording of the certified survey map by the Dane County Register of Deeds, please transfer the recorded volume, document number, and page numbers to the copies and forward a copy to this office for our records.

The original survey map with the recording information is permanently kept on file in the Dane County Register of Deeds Office. A copy of the recorded document can be obtained from the Register of Deeds Office, Room 110, City-County Building or the Real Estate Office in the Madison Department of Planning and Development.

Any appeal from this action, including the conditions of approval, must be filed with the Circuit Court within thirty (30) days from the date of this letter. The approval of this CSM shall be null and void if not recorded in six month from the date of approval. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks
Planner
