RE: Approval of a conditional use to construct an additional at Madison College exceeding 4,000 square feet of area in CI zoning at **1701 Wright Street**

Dear Mr. Noughani:

At its May 18, 2015 meeting, the Plan Commission, meeting in regular session, approved your client's conditional use request to construct an additional at Madison College exceeding 4,000 square feet of area in CI zoning at 1701 Wright Street. In order to receive final approval of the conditional use and for permits to be issued, the following conditions must be met.

**Please contact Janet Schmidt, Engineering Division at 261-9688 if you have questions regarding the following 13 items:**

1. The site plan denotes a 20' wide public water main easement over the watermain that loops this portion of the campus. Provide the easement document of record as Engineering Mapping staff have not been able to locate this easement in the public record.
2. Applicant shall provide plans and calculations for the existing bio-retention showing it can accept this water and still meet required reductions.
3. All work in the public right-of-way shall be performed by a City licensed contractor. (MGO 16.23(9)(c)5) and MGO 23.01)
4. All damage to the pavement on Anderson Street, adjacent to this development shall be restored in accordance with the City of Madison's Pavement Patching Criteria. For additional information please see the following link: <http://www.cityofmadison.com/engineering/patchingCriteria.cfm> (POLICY)
5. This project falls in the area subject to increased erosion control enforcement as authorized by the fact that it is in the ROCK RIVER TMDL ZONE and by Resolution 14-00043 passed by the City of Madison Common Council on 1/21/2014. You will be expected to meet a higher standard of erosion control than the minimum standards set by the WDNR.

6. The plan set shall be revised to show a proposed private internal drainage system on the site. This information shall include the depths and locations of structures and the type of pipe to be used. POLICY AND MGO 10.29
7. This site appears to disturb over one (1) acre of land and requires a permit from the WDNR for stormwater management and erosion control. The City of Madison has been required by the WDNR to review projects for compliance with NR216 and NR-151 however a separate permit submittal is still required to the WDNR for this work. The City of Madison cannot issue our permit until concurrence is obtained from the WDNR via their NOI or WRAPP permit process.
8. Prior to approval, this project shall comply with Chapter 37 of the Madison General Ordinances regarding stormwater management. Specifically, this development is required to a) Reduce TSS off of the proposed development by 80% when compared with the existing site; b) Provide oil & grease control from the first 1/2" of runoff from parking areas; and c) Complete an erosion control plan and complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website – as required by Chapter 37 of the Madison General Ordinances.
9. The applicant shall submit, prior to plan sign-off, digital PDF files to the Engineering Division (Jeff Benedict or Tim Troester). The digital copies shall be to scale, and shall have a scale bar on the plan set. (POLICY and MGO 37.09(2)) PDF submittals shall contain the following information: a) building footprints, b) internal walkway areas, c) internal site parking areas, d) lot lines and right-of-way lines, e) Street names, f) Stormwater Management Facilities, and g) detail drawings associated with stormwater management facilities (including if applicable planting plans).
10. The applicant shall submit prior to plan sign-off, electronic copies of any Stormwater Management Files including: a) SLAMM DAT files, b) RECARGA files, c) TR-55/HYDROCAD/Etc..., and d) Sediment loading calculations. If calculations are done by hand or are not available electronically the hand copies or printed output shall be scanned to a PDF file and provided. (POLICY and MGO 37.09(2))
11. Prior to approval, the owner or owner's representative shall obtain a permit to plug each existing sanitary sewer lateral that serves a building which is proposed for demolition. For each lateral to be plugged the owner shall complete a sewer lateral plugging application and pay the applicable permit fees. NOTE: As of January 1, 2013 new plugging procedures and permit fees go into effect. The new procedures and revised fee schedule is available on line at <http://www.cityofmadison.com/engineering/permits.cfm>. (MGO CH 35.02(14))
12. All outstanding Madison Metropolitan Sewerage District (MMSD) are due and payable prior Engineering sign-off, unless otherwise collected with a Developer's / Subdivision Contract. Contact Janet Schmidt (608-261-9688) to obtain the final MMSD billing a minimum of two (2) working days prior to requesting City Engineering signoff. (MGO 16.23(9)(d)(4))
13. The site plan shall be revised to show all existing public sanitary sewer facilities in the project area as well as the size, invert elevation, and alignment of the proposed service. (POLICY)

**Please contact Eric Halvorson, Traffic Engineering Division at 266-6527 if you have questions regarding the following six (6) items:**

14. Applicant shall construct a continuous walkway from the southerly lot to the main entrance of the facility.
15. The applicant shall provide a clearly defined 5' walkway clear of all obstructions from Anderson Street to the main entrance and back to the other access point on Anderson Street. Obstructions include but are not limited to tree grates, planters, benches, parked vehicle overhang, signage, lighting and doors that swing outward into walkway.
16. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
17. The developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
18. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
19. All parking facility design shall conform to MGO standards, as set in section 10.08(6).

**Please contact Matt Tucker, Zoning Administrator at 266-4569 if you have questions regarding compliance with the City's Zoning Code.**

**Please contact Bill Sullivan, Madison Fire Department at 261-9658 if you have questions regarding the following two (2) items:**

20. The fire sprinkler and fire alarm systems shall be extended into the administration building as the proposed additional incorporates the administration building into the rest of the structure.
21. Provide fire apparatus access as required by IFC 503 2012 edition, MGO 34.503, as follows:
  - a. The site plans shall clearly identify the location of all fire lanes.
  - b. Provide a minimum unobstructed width of 26-feet for at least 20-feet on each side of the fire hydrant.

**Please contact my office at 267-1150 if you have questions regarding the following item:**

22. Revised plaza and landscape details were provided on April 15 for distribution to the Urban Design and Plan Commissions. The plans do not include revisions to the addition footprint or parking lot plan. These revised sheets have not been reviewed by City Agencies. Approval of the revised sheets is subject to additional comments by reviewing agencies on their review of this supplemental information.

**Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.**

**The applicant is also required to satisfy the conditions of approval of the Urban Design Commission prior to the final staff approval of the project and the issuance of building permits. Please contact Al Martin, Urban Design Commission Secretary, at 267-8740 if you have any questions about those conditions.**

**Please now follow the procedures listed below for obtaining your conditional use:**

1. Please revise your plans per the above conditions and submit nine (9) copies of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This property is not in a wellhead protection district. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility. The Water Utility will not need to sign off the final plans, and will not need a copy of the approved plans.
3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting conditional use approval.
4. The approval is valid for one (1) year from the date of the Plan Commission approval. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
5. No alteration of a conditional use shall be permitted unless approved by the Plan Commission provided, however, the Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
6. The Plan Commission retains continuing jurisdiction over all conditional uses for the purpose of resolving complaints against all previously approved conditional uses.

If you have any questions regarding obtaining your conditional use or building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 267-1150.

Sincerely,

Kevin Firchow, AICP  
Planner

cc: Janet Schmidt, City Engineering Division  
Bill Sullivan, Fire Department  
Matt Tucker, Zoning Administrator

I hereby acknowledge that I understand and will comply with the above conditions of approval for conditional use.
