**Subject:** Plan Commission Agenda Item 17825 - 1621 Thierer Road

Kevin,

I am writing to express my support for the Fraggin Dragon Video Game Center to be located at 1621 Thierer Road. The site is in a retail shopping center operated by John Brigham of Lee & Associates. I have worked with this firm on other projects in District 17 and they enjoy an excellent business reputation.

The video center will be operated and owned by Richard and Heather Hanson and they will be present at all times that the business is open. I should add that no one has approached me in opposition to this project.

This business promises to be a positive entertainment experience for both youth and adults and I urge the Plan Commission to grant approval for the requested conditional use. Please contact me if you have any questions/comments regarding this project.

Thank you,

Joe Clausius
