Charles & Laura Hicklin
3637 Dawes Street
Madison, Wisconsin 53714

RE: Approval of a conditional use to allow construction of an accessory building exceeding 576 square feet of floor area in TR-C1 (Traditional Residential–Consistent 1 District) lot at 3637 Dawes Street.

Dear Mr. & Mrs. Hicklin;

At its April 20, 2015 meeting, the Plan Commission found the standards met and **approved** your conditional use for 3637 Dawes Street. The conditions of approval in the following sections shall be satisfied prior to issuance of building permits for the project.

Please contact Janet Schmidt of the City Engineering Division at 261-9688 if you have questions regarding the following five (5) items:

1. The site plan shall show the correct dimensions of the east and west property lines. The plat of Third Addition to Eastmorland shows the west property line to be 126.5 feet and the east property line to be 126.2 feet. Modify plans as necessary.
2. The site plan shall identify lot and block numbers of recorded Certified Survey Map or plat.
3. The site plan shall reflect a proper street address of the property as reflected by official City of Madison Assessor's and Engineering Division records.
4. The applicant shall submit, prior to plan sign-off, digital PDF files to the City Engineering Division. The digital copies shall be to scale, shall have a scale bar on the plan set, and shall contain the following items: building footprints; internal walkway areas; internal site parking areas; lot lines and right-of-way lines; street names, stormwater management facilities and; detail drawings associated with stormwater management facilities (including if applicable planting plans).
5. The applicant shall submit, prior to plan sign-off, a digital CAD file (single file) to the City Engineering Division (Storm/Sanitary Section). The digital CAD file shall be to scale and represent final construction. The CAD file shall be in a designated coordinate system (preferably Dane County WISCRS, US Ft). The single CAD file submittal can be either AutoCAD (dwg) Version 2013 or older, MicroStation (dgn) V8i Select Series 3 or older, or Universal (dxf) format and shall contain the only the following data, each on a separate layer name/level number. The digital copies shall be drawn to scale and represent final construction including: building footprints; internal walkway areas; internal

site parking areas; other miscellaneous impervious areas (i.e. gravel, crushed stone, bituminous/asphalt, concrete, etc.); right-of-way lines (public and private); plat name and lot lines (metes & bounds parcel lines if unplatted); platted lot numbers (noted "unplatted lands" if not platted); lot/plat property dimensions; street names; private on-site sanitary sewer utilities (including all connections to public sanitary); private on-site storm sewer utilities (including all connections to public storm). The CAD file will only be required prior to final plan review so that multiple files do not need to be supplied or reviewed. E-mail CAD file transmissions are preferred to: jbendict@cityofmadison.com or ttroester@cityofmadison.com . The party responsible for the CAD file e-mail transmission shall include the project site address in the email subject line. Any changes or additions to the location of the building, private utilities, sidewalks, parking/pavement during construction will require a new CAD file transmittal.

Please contact Matt Tucker, Zoning Administrator, at 266-4659 if you have any questions regarding the following item:

6. Please provide a lot coverage calculation on the final site plans prior to issuance of building permits.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the plans have been revised per the above conditions, please file **eight (8) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant and property owner (if not the applicant) to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval.
3. Note: All operating private wells shall be identified and permitted and any unused private wells shall be abandoned by the Madison Water Utility in accordance with MGO Section 13.21.
4. Approval of the plans for this project does not include any approval to prune, remove or plant trees in the public right of way. Permission for such activities must be obtained from the City Forester, 266-4816.
5. No alteration of a conditional use shall be permitted unless approved by the Plan Commission provided, however, the Zoning Administrator following consideration by the alderperson of the district, may approve minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the Plan Commission and the conditional use standards. This approval shall become null and void one (1) year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within 6 months of the issuance of said building permit. Where the plans have not been altered from the Plan Commission's

approval, and the conditional use has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use permit.

If you have any questions regarding obtaining your building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks
Planner

cc: Janet Schmidt, City Engineering Division
Matt Tucker, Zoning Administrator
Dennis Cawley, Madison Water Utility
Bill Sullivan, Madison Fire Department

I hereby acknowledge that I understand and will comply with the above conditions of approval for this project.
