RE: Conditional Use approval to construct a new boathouse that will replace an existing boathouse that will be demolished down to its foundation at **401 Woodward Drive**

Dear Mr. Thompson:

At its December 5, 2011 meeting, the Plan Commission, meeting in regular session, approved your client's conditional use request to construct a new boathouse replacing an existing boathouse that will be demolished down to its foundation at 401 Woodward Drive. In order to receive final approval of the conditional use and for permits to be issued, the following conditions must be met:

Please contact Janet Dailey, City Engineering Division, at 261-9688 if you have questions regarding the following three (3) items:

1. An existing rock retaining wall encroaches onto the public sanitary sewer easement. The owner shall relocate this wall off the easement or re-record the easement with terms and conditions acceptable to the City Engineer. Contact Mike Dailey at 266-4058 to begin this process.
2. Show the proposed route for construction vehicles or equipment to access the boat house areas.
3. The applicant shall submit, prior to plan sign-off, a digital CAD file (single file) to the Engineering Program Specialist in the Engineering Division (Lori Zenchenko). The digital CAD file shall be to scale and represent final construction. The single CAD file submittal can be either AutoCAD (dwg) Version 2001 or older, MicroStation (dgn) Version J or older, or Universal (dxf) format and contain only the following data, each on a separate layer name/level number: a) Building Footprints; b) Internal Walkway Areas; c) Internal Site Parking Areas; d) Other Miscellaneous Impervious Areas (i.e. gravel, crushed stone, bituminous/asphalt, concrete, etc.); e) Right-of-Way lines (public and private); f) All Underlying Lot lines or parcel lines if unplatted; g) Lot numbers or the words "unplatted"; h) Lot/Plat dimensions; i) Street names; and All other levels (contours, elevations, etc) are not to be included with this file submittal.

NOTE: Email file transmissions preferred addressing@cityofmadison.com. Include the site address in the subject line of this transmittal. Any changes or additions to the location of the building, sidewalks, parking/pavement during construction will require a new CAD file. (POLICY and MGO 37.09(2) & 37.05(4))

Please contact Pat Anderson, Assistant Zoning Administrator, at 266-5978 if you have any questions regarding the following three (3) items:

4. Waterfront development shall comply with City of Madison General Ordinances Section 28.04 (19). The cutting of trees and shrubbery shall be limited in the strip of land 35' inland from the normal waterline. Your plans indicate that there will be no changes in this area.
5. Show designated flood plain area on the final site plan. Any construction within a flood plain shall meet flood proofing protection measures and such design shall be certified by a registered professional engineer or architect per 28.04(20)(b) of the Madison General Ordinances.
6. Boathouse setback shall be a minimum of three feet from and side lot line and the ordinary high water mark, provide setback on final site plan.

Please now follow the procedures listed below for obtaining your conditional use:

1. Please submit six (6) copies of a complete plan set to the Zoning Administrator for final review and comment.
2. This property is not in a Wellhead Protection District. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility. The Water Utility will not need to sign off the final plans, and not need a copy of the approved plans.
3. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting demolition and/or building permit approval.
4. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. This approval shall become null and void one year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and construction commenced within six months of the issuance of said building permit. The Plan Commission shall retain jurisdiction over this matter for the purpose of resolving complaints against the approved conditional use.

If you have any questions regarding obtaining the conditional use approval, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 267-1150.

Sincerely,

Kevin Firchow, AICP
Planner

cc: Janet Dailey, City Engineering
Pat Anderson, Asst. Zoning Administrator

I hereby acknowledge that I understand and will comply with the above conditions of approval for this conditional use.

Signature of Applicant

Signature of Property Owner (if not the applicant)
