RE: File No. LD 1309 – Certified Survey Map – 617 Sprague Street (Matthew Mitro/ Michele Brogunier)

Dear Mr. Spetz;

The one-lot certified survey combining your client's property located at 617 Sprague Street, Section 28, Township 7N, Range 9E, City of Madison, Dane County, Wisconsin, is hereby **conditionally approved**. The site is zoned TR-C2 (Traditional Residential – Consistent 2 District). The conditions of approval from the reviewing agencies to be satisfied before final approval and recording of the CSM are:

Please contact Janet Dailey of the City Engineering Division at 261-9688 if you have questions regarding the following five (5) conditions:

1. Add drainage arrows to the face of the CSM and modify the drainage notes on pages 1 and 2 as follows: "Arrows indicate the direction of surface drainage at individual property lines. Elevations given are for property corners at ground level and shall be maintained by the lot owner. No changes in drainage patterns associated with development on any lots within this CSM shall be allowed without prior approval of the City Engineer."
2. Update Sheet 3 of 3 to show a year of 2013 in the Register of Deeds Certificate.
3. A minimum of 2 working days prior to requesting City Engineering Division signoff on the CSM, the applicant shall contact Janet Dailey (261-9688) to obtain the final stormwater utility charges that are due and payable prior to sub-division of the properties. The stormwater utility charges (as all utility charges) are due for the previous months of service. All charges shall be cleared prior to the land division (and subsequent obsolesces of the existing parcel).
4. Wisconsin Administrative Code A-E 7.08 identifies when Public Land System (PLS) tie sheets must be filed with the Dane County Surveyor's office. The developer's surveyor and/or applicant must submit copies of required tie sheets or condition reports for all monuments, including center of sections of record, used in this survey, to Eric Pederson, City Engineering Division. If a new tie sheet is not required under A-E 7.08, Engineering requests a copy of the latest tie sheet on record with Dane County Surveyor's office. The applicant shall identify monument types on all PLS corners included on the plat or CSM. Note: Land tie to two PLS corners required.
5. In accordance with Section s.236.34(1)(c), which says a CSM shall be prepared in accordance with s.236.20(2)(c)&(f), Wisconsin Statutes, the applicant shall show the type, location and width of any

and all easements. Clearly identify the difference between existing easements (cite Register of Deeds recording data) and easements which are being conveyed by the CSM. Identify the owner and/or benefiting interest of all easements.

Please contact Jennifer Frese of the Office of Real Estate Services at 267-8719 if you have any questions regarding the following six (6) items:

6. Prior to requesting final approval prior to recording, executed signature block certifications shall be included for all parties of interest, pursuant to MGO Section 16.23(5)(g)4 and Wis. Stats. 236.21(2)(a). All signatory parties shall provide documentation that proves said signatories have legal authority to sign the Owner's Certificate.
7. A certificate of consent for each mortgagee/vendor shall be included following the Owner's Certificate. Record title shows a mortgage with Wells Fargo Bank, N.A.
8. Please include the following certificate:

Madison Common Council Certificate: This certificate is required when dedication of land and the conveyance of rights in land are required. For parcels located within the City of Madison, a Madison Common Council Certificate shall appear as follows:
