RE: File No. LD 1338 – Certified Survey Map – 2322-2326 Lakeland Avenue (Cecchin/ Wahle)

Dear Mr. Adams;

The one-lot certified survey combining your client's property located at 2322-2326 Lakeland Avenue, Section 8, Township 7N, Range 10E, City of Madison, Dane County, Wisconsin, is hereby **conditionally approved**. The site is zoned TR-C3 (Traditional Residential–Consistent 3 District). The conditions of approval from the reviewing agencies to be satisfied before final approval and recording of the CSM are:

Please contact Janet Dailey of the City Engineering Division at 261-9688 if you have questions regarding the following seven (7) conditions:

1. Revise the land tie to the actual north line of the Northwest quarter and not to a line between the meander corner of the Northwest Corner and the North Quarter Corner. Also revise the "South ¼ Corner" designation on the map to be the "North ¼ Corner."
2. Add the tangent bearings at each end of the curve along Lakeland Avenue.
3. Remove Note 5 on Sheet 2. There are not any utility easements on this CSM.
4. The description in the Surveyor's Certificate shall be revised after commencing at the meander corner; the next course shall go to the actual position of the Northwest Corner of Section 8 and then run along the north line of the Northwest Quarter of Section 8. Descriptions are required to be referenced to a line of a quarter section.
5. Elevations shall be revised to refer to the City of Madison NAVD 88 Datum.
6. A minimum of 2 working days prior to requesting City Engineering Division signoff on the CSM, the applicant shall contact Janet Dailey (261-9688) to obtain the final stormwater utility charges that are due and payable prior to sub-division of the properties. The stormwater utility charges (as all utility charges) are due for the previous months of service. All charges shall be cleared prior to the land division (and subsequent obsolesces of the existing parcel).

7. Wisconsin Administrative Code A-E 7.08 identifies when Public Land System (PLS) tie sheets must be filed with the Dane County Surveyor's office. The developer's surveyor and/or applicant must submit copies of required tie sheets or condition reports for all monuments, including center of sections of record, used in this survey, to Eric Pederson, City Engineering Division. If a new tie sheet is not required under A-E 7.08, Engineering requests a copy of the latest tie sheet on record with Dane County Surveyor's office. The applicant shall identify monument types on all PLS corners included on the plat or CSM. Note: Land tie to two PLS corners required.

Please contact Dennis Cawley of the Madison Water Utility at 261-9243 if you have any questions regarding the following item:

8. Note: Per MGO Section 13.21, all wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility.

Please contact Jenny Frese of the Office of Real Estate Services at 267-8719 if you have any questions regarding the following six (6) items:

9. Prior to requesting approval sign-off of the CSM, executed signature block certifications shall be included for all parties of interest, pursuant to MGO Section 16.23(5)(g)4 and Wis. Stats. Section 236.21(2)(a). All signatory parties shall provide documentation that proves said signatories have legal authority to sign the Owner's Certificate.
10. A certificate of consent by all mortgagees/vendors as shown on the report of title and update shall be included following the Owner(s) Certificate and shall be executed prior to final sign-off.
11. Any tenancy in excess of one year shall sign a Consent of Lessee certificate prior to final sign-off.
12. As of October 15, 2013, the 2012 real estate taxes are paid for the subject property and there are no special assessments reported.
13. Please verify that stormwater management charges are paid in full by contacting Janet Dailey with City Engineering (261-9688) or Sharon Pounders with the Madison Water Utility (266-4641).
14. The following CSM revisions shall be made:
 - a.) Revise the legal description on each page header to reflect the correct block number.
 - b.) Create and record, or show as being dedicated in the proposed CSM, easements for utility and drainage rights of way when the utility or drainage physically exists, but no document for it exists in record title.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

A resolution approving the CSM and authorizing the City to sign it and any other documents related to the proposed land division was approved by the Common Council on October 15, 2013.

As soon as the comments and conditions have been satisfied as verified with a completed affidavit form (attached), the original along with the revised Certified Survey Map, with all signatures and approvals from the reviewing agencies, shall be brought to this office for final signoff. You or your client may then record the

certified survey at the Dane County Register of Deeds. For information on recording procedures and fees, contact the Register of Deeds at 266-4141.

Prior to City Engineering final sign-off by the main office of the CSM, the final CSM shall be submitted to the Engineering Division Surveyor/ Land Records Coordinator for final technical review and approval. This submittal must occur a minimum of two working days prior to final Engineering Division signoff. E-mail submittal of the final CSM in PDF form is preferred. Transmit to jquamme@cityofmadison.com.

The owner shall furnish to the Office of Real Estate Services and the survey firm preparing the CSM an updated title report covering the period between the date of the initial title report and the date when final signoff is requested. The surveyor shall update the CSM with the most recent information reported in the title update.

Upon acceptance and recording of the certified survey map by the Dane County Register of Deeds, please transfer the recorded volume, document number, and page numbers to the copies and forward a copy to this office for our records. The original survey map with the recording information is permanently kept on file in the Dane County Register of Deeds Office. A copy of the recorded document can be obtained from the Register of Deeds Office, Room 110, City-County Building or the Real Estate Office in the Madison Department of Planning and Development.

Any appeal from this action, including the conditions of approval, must be filed with the Circuit Court within 30 days from the date of this letter. **The approval of this CSM shall be null and void if not recorded in six (6) months from the date of the approving resolution or this letter, whichever is later.** If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks
Planner
