RE: Approval of the demolition of a vacant restaurant building with no proposed use.

Dear Mr. McLyman:

At its October 14, 2013 meeting, the Plan Commission found the standards met and **approved** your client's demolition request for 3051 East Washington Avenue, subject to the conditions below. In order to receive final approval of the demolition, and for any necessary permits to be issued for your project, the following conditions shall be met:

Please contact Janet Dailey of the City Engineering Division at 261-9688 with questions regarding the following 6 items:

1. Clarify and show any remaining impervious area on site plan.
2. Site address shall change to 3002 Darbo Dr once the building has been demolished.
3. An access structure and pipe of the Waunona Sanitary District No. 2 crosses onto this property along the northeast line of the property. Coordination regarding any of those facilities can be made at 3325 Thurber Ave., Madison, WI, 53714 or (608) 249-0705.
4. The site plan shall include all lot/ownership lines, existing building locations, proposed building additions, demolitions, parking stalls, driveways, sidewalks (public and/or private), existing and proposed signage, existing and proposed utility locations and landscaping.
5. The applicant shall submit, prior to plan sign-off, digital PDF files to the Engineering Division (Jeff Benedict or Tim Troester). The digital copies shall be to scale, and shall have a scale bar on the plan set (POLICY and MGO 37.09(2)).

PDF submittals shall contain the following information:

- a) Building footprints
- b) Internal walkway areas
- c) Internal site parking areas
- d) Lot lines and right-of-way lines
- e) Street names
- f) Stormwater Management Facilities
- g) Detail drawings associated with Stormwater Management Facilities (including if applicable planting plans)

6. Prior to approval, the owner or owner's representative shall obtain a permit to plug each existing storm sewer lateral which must be permanently or temporarily disconnected from the public storm sewer system as part of the proposed work. For each lateral to be plugged the owner shall complete a sewer lateral plugging application and pay the applicable permit fees. NOTE: As of January 1, 2013 new plugging procedures and permit fees go into effect. The new procedures and revised fee schedule is available on line at <http://www.cityofmadison.com/engineering/permits.cfm> (MGO CH 37.05(7)).

Please contact Pat Anderson of the Zoning Office at 266-5978 with questions regarding the following 4 items:

7. Sec. 28.185 (7)(a)5 requires that if a demolition or removal permit is approved, it shall not be issued until the reuse and recycling plan is approved by the Recycling Coordinator, Mr. George Dreckmann. (608-267-2626).
8. Sec. 28.185 (10) Every person who is required to submit a reuse and recycling plan pursuant to Sec. 28.185(7)(a)5 shall submit documents showing compliance with the plan within sixty (60) days of completion of demolition.
9. Section 28.185(9) (a) A demolition or removal permit is valid for one (1) year from the date of the Plan Commission.
10. Approval of the demolition permit will require the removal of all structures including the driveway landscaped and seeded to minimize erosion, remove asphalt driveway and apron and replace with curb and gutter as per City Engineering & Traffic Engineering requirements. During demolition and prior to curb and gutter, installation of barriers shall be installed across the driveway to prevent the parking of vehicles.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

No interior, exterior or structural demolition or wrecking activities or remodeling activities (including material reclamation activities by the applicant or a third party) shall commence nor any wrecking or building permits be issued until the applicant has met all of the conditions of approval stated in this letter.

Please now follow the procedures listed below for obtaining your demolition permit:

1. Please revise the plans per the above conditions and file **six (6)** sets of complete, fully dimensioned, and to-scale plans, along with the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code. Also provide any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard.
2. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval.
3. No alteration of this proposal shall be permitted unless approved by the Plan Commission, provided, however, the Zoning Administrator may issue permits for minor alterations. This approval shall become null and void one year after the date of the Plan Commission unless the use is commenced, construction is under way, or a valid building permit is issued and demolition commenced within six months of the issuance of said building permit.

If you have any questions regarding obtaining the demolition approval, please contact the Zoning Administrator at 266-4551. If you have any questions or if I may be of any further assistance, please do not hesitate to contact my office at 266-5974.

Sincerely,

Heather Stouder, AICP
Planner

cc: Janet Dailey, City Engineering Division
Jeff Quamme, City Engineering Division
Pat Anderson, Asst. Zoning Administrator
George Dreckmann, Recycling Coordinator

I hereby acknowledge that I understand and will comply with the above conditions of approval for this conditional use permit.
