RE: Approval of a demolition permit to allow a single-family residence to be razed and a new residence to be constructed at 311 Highland Avenue (Johnston).

Dear Mr. Eccles;

At its May 6, 2013 meeting, the Plan Commission found the standards met and **approved** your client's demolition permit for 311 Highland Avenue. The following conditions of approval shall be satisfied prior to the issuance of demolition and building permits for this project:

Please contact Janet Dailey of the City Engineering Division at 261-9688 if you have questions regarding the following seven (7) items:

1. The new proposed single-family house will face Kendall Avenue. Therefore, the address of the new house will be 2425 Kendall Avenue.
2. All drainage and runoff shall be directed towards a public street.
3. The applicant shall replace all sidewalk and curb and gutter abutting the property, which is damaged by the construction, or any sidewalk and curb and gutter that the City Engineer determines needs to be replaced because it is not at a desirable grade regardless of whether the condition existed prior to beginning construction.
4. All work in the public right of way shall be performed by a City-licensed contractor.
5. All damage to the pavement on Highland Avenue and Kendall Avenue adjacent to this development shall be restored in accordance with the City's Pavement Patching Criteria.
6. The applicant shall submit, prior to plan sign-off, digital PDF files to the City Engineering Division. The digital copies shall be to scale, shall have a scale bar on the plan set, and shall contain the following items: building footprints; internal walkway areas; internal site parking areas; lot lines and right-of-way lines; street names, stormwater management facilities and; detail drawings associated with stormwater management facilities (including if applicable planting plans).

7. Prior to final approval of the demolition permit, the owner shall obtain a permit to plug each existing sanitary sewer and/ or storm sewer lateral that serves a building that is proposed for demolition. Prior to approval, the owner or owner's representative shall obtain a permit to plug each existing lateral that serves a building which is proposed for demolition. For each lateral to be plugged, the owner shall complete a sewer lateral plugging application and pay the applicable permit fees. Note: New plugging procedures and permit fees are in effect as of January 1, 2013.

Please contact Bill Sullivan of the Madison Fire Department at 261-9658 if you have any questions regarding the following two (2) items:

8. Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D and SPS 382.40(3)(e).
9. Please consider allowing the Madison Fire Department to conduct training sequences on this site prior to demolition. Contact the MFD Training Division at 246-4587 to discuss this possibility.

Please contact Pat Anderson, Assistant Zoning Administrator, at 266-5978 if you have any questions regarding the following item:

10. Provide a reuse/recycling plan, to be reviewed and approved by the City's Recycling Coordinator, George Dreckmann, prior to a demolition permit being issued. Section 28.185(7)(a)5. of the Zoning Ordinance requires the submittal of documentation demonstrating compliance with the approved reuse and recycling plan. Please note, the owner must submit documentation of recycling and reuse within 60 days of completion of demolition.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

No interior, exterior or structural demolition or wrecking activities or remodeling activities (including material reclamation activities by the applicant or a third party) shall commence nor any wrecking or building permits be issued until the applicant has met all of the conditions of approval stated in this letter.

Please now follow the procedures listed below for obtaining permits for your project:

1. After the planned unit development has been revised per the above conditions, please file **eight (8) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. This letter shall be signed by the applicant and property owner (if not the applicant) to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting building permit approval.
3. Provide a reuse/recycling plan, to be reviewed and approved by the City Recycling Coordinator prior to a demolition permit being issued. Sec 28.12(12)(e) of the Zoning Ordinance requires the submittal of documentation demonstrating compliance with the approved reuse and recycling plan. Please note, the owner must submit documentation of recycling and reuse within 60 days of completion of demolition.

4. The Madison Water Utility shall be notified to remove the water meter(s) prior to demolition.
5. Approval of the plans for this project does not include any approval to prune, remove or plant trees in the public right of way. Permission for such activities must be obtained from the City Forester, 266-4816.
6. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations or additions which may be approved by the Director of Planning and Community and Economic Development if determined to be compatible with the concept approved by the Plan Commission. Following the issuance of a Certificate of Occupancy, future additions or alterations to the proposed alternative use of the property shall not be subject to review under this section. A demolition or removal permit is valid for one (1) year from the date of the Plan Commission. Where the plans have not been altered since issuance of the demolition or removal permit and the permit has expired, the Director of Planning and Community and Economic Development may, after consultation with the Alderperson of the District, approve an extension for up to 24 months from the expiration date.

If you have any questions regarding obtaining your building permits, please contact the Zoning Administrator at 266-4551. If you have any questions or if may be of any further assistance, please do not hesitate to contact my office at 261-9632.

Sincerely,

Timothy M. Parks
 Planner

cc: Janet Dailey, City Engineering Division
 Eric Halvorson, Traffic Engineering Division
 Matt Tucker, Zoning Administrator
 Dennis Cawley, Madison Water Utility
 Bill Sullivan, Madison Fire Department

I hereby acknowledge that I understand and will comply with the above conditions of approval for this project.
