1. Please revise your plans per the above conditions and submit nine (9) copies of a complete, fully dimensioned and scaled plan set to the Zoning Administrator for final review and comment. Also be sure to include any additional materials requested by these departments for their approval prior to sign off. The final site plan shall be accompanied by the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.
2. All wells located on this property shall be abandoned if no valid well operation permit has been obtained from the Madison Water Utility. City Engineering staff will review plans for compliance. Please note, this property is not in a Wellhead Protection District. The Madison Water Utility shall be notified to remove the water meter prior to demolition.
3. A reuse and recycling plan approved by the Recycling Coordinator is required by ordinance prior to the issuance of a wrecking permit. The reuse and recycling plan shall be submitted along with the resubmittal of site plans for forwarding to the Recycling Coordinator.
4. This letter shall be signed by the applicant to acknowledge the conditions of approval and returned to the Zoning Administrator when requesting demolition permit approval.
5. The demolition or removal permit is valid for one (1) year from the date of the Plan Commission. During this time, the applicant must either lawfully commence the use or obtain a building permit and begin erecting the building. If the applicant obtains a valid building permit, construction must commence within six (6) months of the date of issuance. The building permit shall not be renewed unless construction has commenced as is being diligently prosecuted.
6. Any alteration in plans for a proposed alternative use shall require Plan Commission approval, except for minor alterations. The Zoning Administrator may issue permits for minor alterations or additions which are approved by the Director of Planning and Community and Economic Development and are compatible with the concept approved by the City Plan Commission and the conditional use approval standards.
