1. Arrows indicate the direction of surface drainage swale at individual property lines. Said drainage swale shall be graded with the construction of each principal structure and said drainage swale maintained by the lot owner unless modified with the approval of the City Engineer. Elevations given are for property corners at ground level and shall be maintained by lot owner.

2. All lots within this survey are subject to a public easement for drainage purposes which shall be a minimum of 6-feet in width measured from the property line to the interior of each lot except that the easement shall be 12-feet in width on the perimeter of the certified survey map. Easements shall not be required on property lines shared with green ways or public streets. No structures may be constructed within said easement and no other obstructions to drainage, including landscaping are permitted without the prior written approval of the City Engineer.

NOTE: In the event of the City of Madison Plan Commission and/or Common Council approve re-division of a previously subdivided property, the underlying public easements for drainage purposes are released and replaced by those required and created by the current approved subdivisions. THIS PARCEL WILL BE SUBJECT TO APPROVED PLANNED UNIT DEVELOPMENT AND APPROVED DRAINAGE AND STORM WATER MANAGEMENT PLAN PREVIOUSLY SUBMITTED.

3. All lots created by this Certified Survey Map are individually responsible for compliance with Chapter 37 of the Madison General Ordinances in regard to storm water management at the time they develop.

4. Lands in this Certified Survey Map are subject to the following Recorded instruments which cannot be depicted graphically: Doc. No. 3867619, 3886018, 4120730, 4239095, and 4332410.

5. This Certified Survey Map complies with MGO Section 16.23(7)(d)1, adopted by Ord.-12-00014, January 24, 2012:

"For lands subject to a condominium plat, a lot or lots may be created from a lot in said plat provided that no part of a lot or lots to be created shall be part of a condominium and shall be capable of being served by City water and sewer. Service from a private water or sewer system shall not be permitted. The lot or lots created may share cross access, parking, and stormwater management facilities if such sharing was required by any zoning approval for the property and if adequate easements and/or agreements are provided, subject to the approval of the City Engineer, City Traffic Engineer, and Planning Director."
