RE: Approval of a Planned Development–Specific Implementation Plan to allow construction of a 174-unit apartment complex at 302 Samuel Drive and a two-family twin residence at 301 Samuel Drive (Craig Enzenroth, Gallina Corporation).

Dear Mr. Bruce;

At its June 17, 2014 meeting, the Common Council **conditionally approved** your application to approve a PD (SIP) for 301 and 302 Samuel Drive subject to the following conditions of approval, which shall be satisfied prior to final approval and recording of the specific implementation plan and the issuance of permits for new construction:

Please contact Janet Schmidt of the City Engineering Division at 261-9688 if you have questions regarding the following sixteen (16) items:

1. The south 87-unit building shall have a base address of 302 Samuel Drive. The north 87-unit building shall have a base address of 318 Samuel Drive. The center section with office and community room/pool shall have a base address of 310 Samuel Drive. The south section of the duplex is assigned an address of 301 Samuel Drive. The north section of the duplex is assigned an address of 303 Samuel Drive.
2. The site plan shall identify lot and block numbers of recorded Certified Survey Map or plat.
3. In accordance with 10.34 MGO, Street Numbers, submit a PDF of each floorplan to Lori Zenchenko (lzenchenko@cityofmadison.com) at Engineering-Mapping so that a preliminary interior addressing plan can be developed. If there are any changes pertaining to the location of a unit, the deletion or addition of a unit, or to the location of the entrance into any unit, (before, during or after construction) the addresses may need to be changed. The interior address plan is subject to the review and approval of the Fire Marshal.
4. The applicant shall replace all sidewalk and curb and gutter that abuts the property that is damaged by the construction, or any sidewalk and curb and gutter, which the City Engineer determines needs to be replaced because it is not at a desirable grade, regardless of whether the condition existed prior to beginning construction.

5. All work in the public right of way shall be performed by a City-licensed contractor.
6. All damage to the pavement on N. Pleasant View Road, Samuel Drive and Elderberry Road adjacent to this development shall be restored in accordance with the City's Pavement Patching Criteria.
7. The plan set shall be revised to show a proposed private internal drainage system on the site. This information shall include the depths and locations of structures and the type of pipe to be used.
8. The applicant shall demonstrate compliance with Section 37.07 and 37.08 of Madison General Ordinances regarding permissible soil loss rates. The erosion control plan shall include Universal Soil Loss Equation (USLE) computations for the construction period. Measures shall be implemented in order to maintain a soil loss rate below 7.5-tons per acre per year.
9. Effective January 1, 2010, the Wisconsin Department of Commerce's authority to permit commercial sites for stormwater and erosion control has been transferred to the Wisconsin Department of Natural Resources (WDNR). As this site is greater than one acre, the applicant is required by State Statute to obtain a Water Resources Application for Project Permits (WRAPP) from the WDNR prior to beginning construction. This permit was previously known as a Notice of Intent Permit (NOI). Contact Eric Rortvedt of the WDNR at 273-5612 to discuss this requirement. The City of Madison cannot issue an erosion control and stormwater management permit until concurrence is obtained from the WDNR.
10. Prior to approval, this project shall comply with Chapter 37 of the Madison General Ordinances regarding stormwater management. Specifically, this development is required to: detain the 2- and 10-year storm events; provide infiltration in accordance with Chapter 37 of MGO; control 80% TSS (5 micron particle) off of new paved surfaces, and; complete an erosion control plan and complete weekly self-inspection of the erosion control practices and post these inspections to the City of Madison website as required by Chapter 37 of MGO.
11. The applicant shall submit, prior to plan sign-off, digital CAD files to the Land Records Coordinator in the City Engineering Division. (Lori Zenchenko) izenchenko@cityofmadison.com. The digital copies shall be drawn to scale and represent final construction including: building footprints, internal walkway areas, internal site parking areas, lot lines/ numbers/ dimensions, street names, and other miscellaneous impervious areas. All other levels (contours, elevations, etc.) are not to be included with this file submittal. E-mail file transmissions are preferred. The digital CAD file shall be to scale and represent final construction. Any changes or additions to the location of the building, sidewalks, parking/pavement during construction will require a new CAD file. The single CAD file submittal can be either AutoCAD (dwg) Version 2001 or older, MicroStation (dgn) Version J or older, or Universal (dxf) format. Please include the site address in this transmittal.
12. The applicant shall submit, prior to plan sign-off, digital PDF files to the City Engineering Division. The digital copies shall be to scale, shall have a scale bar on the plan set, and shall contain the following items: building footprints; internal walkway areas; internal site parking areas; lot lines and right-of-way lines; street names, stormwater management facilities and; detail drawings associated with stormwater management facilities (including if applicable planting plans).

13. The applicant shall submit prior to plan sign-off, electronic copies of any Stormwater Management File including: SLAMM DAT files; RECARGA files; TR-55/HYDROCAD/etc., and; sediment loading calculations. If calculations are done by hand or are not available electronically the hand copies or printed output shall be scanned to a PDF file and provided.
14. All outstanding Madison Metropolitan Sewerage District (MMSD) are due and payable prior City Engineering Division sign-off, unless otherwise collected with a Developer's/ Subdivision Contract. Contact Janet Schmidt (261-9688) to obtain the final MMSD billing a minimum of 2 working days prior to requesting City Engineering Division signoff.
15. The applicant's utility contractor shall obtain a connection permit and excavation permit prior to commencing the storm sewer construction.
16. The site plan shall be revised to show all existing public sanitary sewer facilities in the project area as well as the size, invert elevation, and alignment of the proposed service.

Please contact Eric Halvorson of the Traffic Engineering Division at 266-6527 if you have any questions regarding the following six (6) items:

17. The elevator and trash area is in the drive isle / backup space and may need to be relocated as a result of a conflict with the backup space. The applicant shall maintain a minimum backup of 23 feet if using one-size-fits all or 24 feet if using medium and large car parking design standards.
18. Underground parking layout is irregular; add markings to assist drivers to keep their vehicles on the appropriate side of the drive aisle.
19. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including 2 feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
20. The developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City-owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
21. The City Traffic Engineer may require public signing and marking related to the development; the developer shall be financially responsible for such signing and marking.
22. All parking facility design shall conform to the standards in MGO Section 10.08(6).

Please contact Pat Anderson, Assistant Zoning Administrator, at 266-5978 if you have any questions regarding the following item:

23. Provide the minimum bike parking spaces for each building distributed as both *Short Term* and *Long Term* bicycle parking, as required per Sections 28.141(4) and 28.141(11) of the Zoning Code. Provide a detail of the bike rack design, including any wall mounts. Note: Current code requires a maximum of 25% (44) of the bike parking spaces may be structured bike parking (wall-mount or stacked). Call out and dimension the required stalls as well as the access aisle on the final plan. Note: A bike-parking stall is 2 feet by 6 feet with a 5-foot access area.

Please contact Dennis Cawley of the Madison Water Utility at 261-9243 if you have any questions regarding the following item:

24. All operating private wells shall be identified and permitted by the Madison Water Utility and all unused private wells shall be abandoned in accordance with MGO Sec. 13.21.

Please contact Bill Sullivan of the Madison Fire Department at 261-9658 if you have any questions regarding the following item:

25. The Madison Fire Department does not object to this proposal provided that the project complies with all applicable fire codes and ordinances. For [301 Samuel Drive], Madison Fire Department recommends the installation of a residential fire sprinkler system in accordance with NFPA 13D and SPS 382.40(3)(e).

Please contact Kay Rutledge of the Parks Division at 266-4714 if you have any questions regarding the following two (2) items:

26. Park impact fees (comprised of the Park Development Impact Fee per MGO Sec. 20.08(2) and the Parkland Impact Fee in lieu of land dedication per MGO Sec. 16.23(8)(f) and 20.08(6)) will be required for all new residential development. The developer must select a method for payment of park fees before signoff on the rezoning. This development is within the Far West park impact fee district (SI30). Please reference ID# 01114.3 when contacting Parks Division staff about this project.
27. Approval of plans for this project does not include any approval to prune, remove or plant trees in the public right of way. Permission for such activities must be obtained from the City Forester, 266-4816.

Please contact my office at 261-9632 if you have any questions about the following item:

28. The zoning text shall be revised for final Planning Division approval prior to recording and the issuance of building permits as follows:
 - a.) Revise the Signage section to state that signage shall be limited to the maximum permitted in the TR-V2 zoning district and as approved by the Urban Design Commission or its secretary, and the Zoning Administrator;
 - b.) The family definition shall be revised to the TR-V2 district for the apartment building at 302 Samuel Drive and be further revised to the SR-C3 district for the two-family twin residence at 301 Samuel Drive.

The applicant is also required to satisfy the conditions of approval of the Urban Design Commission prior to the final staff approval of the project and the issuance of permits. Please contact Al Martin, Urban Design Commission Secretary, at 267-8740 if you have any questions about those conditions.

Specific questions regarding the comments or conditions contained in this letter should be directed to the commenting agency.

After the planned development has been revised per the above conditions, please file **ten (10) sets** of complete, fully dimensioned, and to-scale plans, the appropriate site plan review application and fee pursuant to Section 28.206 of the Zoning Code, and any other documentation requested herein with the Zoning Administrator, Room LL-100, Madison Municipal Building, 215 Martin Luther King, Jr. Boulevard. The sets of final revised plans or documents will be circulated by the Zoning staff to the City department staff listed above for their final approval.

Upon receipt of the aforementioned plans, documents and fees, and upon determining that they are complete, the Zoning Administrator shall record them with the Dane County Register of Deeds Office. The recorded originals will be returned to the applicant, with the recording information noted, when the Register of Deeds has completed the recording process.

If this plan is not recorded within one year of the date of approval by the Common Council, the approval shall be null and void. No construction or alteration of the property included in this application shall be permitted until a Specific Implementation Plan (SIP) has been approved and recorded.

Within thirty-six (36) months of Common Council approval of the general development plan, the basic right of use for the areas, when in conformity with the approved specific implementation plan, shall lapse and be null and void unless 1) the project, as approved, is commenced by the issuance of a building permit, or 2) if an application for an extension is filed at least thirty (30) days prior to the expiration of the thirty-six (36) month period and the Plan Commission, after a public hearing pursuant to Sec. 28.181(5), determines that no changes in the surrounding area or neighborhood since approval of the general development plan render the project incompatible with current conditions and grants an extension of up to twenty-four (24) months in which to obtain a building permit. In no case shall an extension allow a building permit to be issued more than sixty (60) months after approval of the general development plan by the Common Council. If a new building permit is required pursuant to sec. 29.06(4), Madison General Ordinances, a new petition and approval process shall be required to obtain general development plan approval and specific implementation plan approval.

If you have any questions regarding recording this plan or obtaining permits, please call Matt Tucker, Zoning Administrator, at 266-4551. If I may be of any further assistance, please do not hesitate to contact me at 261-9632.

Sincerely,

Timothy M. Parks
Planner
