Dear Mr. Koffel:

At its May 5, 2015 meeting, the Common Council **approved** your request to rezone property at 633 West Main Street and 624 West Doty Street from Downtown Residential 2 (DR2) to Urban Mixed Use (UMX), and affirmed Plan Commission approval of a conditional use to continue to utilize surface parking on the site for an off-site use located at 634 West Main Street. In order to receive final approval of the demolition, and for any necessary permits to be issued for your project, the following conditions shall be met:

Please contact Eric Halvorson, Traffic Engineering at 266-6527 if you have any questions regarding the following 4 items:

1. The applicant shall submit one contiguous plan showing proposed conditions and one contiguous plan showing existing conditions for approval. The plan drawings shall be scaled to 1" = 20' and include the following, when applicable: existing and proposed property lines; parcel addresses; all easements; pavement markings; signing; building placement; items in the terrace such as signs, street light poles, hydrants; surface types such as asphalt, concrete, grass, sidewalk; driveway approaches, including those adjacent to and across street from the project lot location; parking stall dimensions, including two (2) feet of vehicle overhang; drive aisle dimensions; semitrailer movement and vehicle routes; dimensions of radii; and percent of slope.
2. The Developer shall post a security deposit prior to the start of development. In the event that modifications need to be made to any City owned and/or maintained traffic signals, street lighting, signing, pavement marking and conduit/handholes, the Developer shall reimburse the City for all associated costs including engineering, labor and materials for both temporary and permanent installations.
3. The City Traffic Engineer may require public signing and marking related to the development; the Developer shall be financially responsible for such signing and marking.
4. All parking facility design shall conform to MGO standards, as set in section 10.08(6).
