

Come meet Madison Police Department Chief of Police Michael C. Koval!

A message from Chief Koval about upcoming community forums that he will be holding:

“In an attempt to stay engaged with constituent questions and concerns, a number of community forums have been scheduled for the month of September. These sessions are an opportunity to provide me with direct feedback and there will also be a representative from the hosting District should you want to convey thoughts specific to the area. Hope to see as many of you as can make it!”
