## **WHY WE'RE HOLDING THIS EVENT**

In light of the recent desecration of the Wisconsin Law Enforcement Memorial, we're holding this vigil to honor our fallen heroes. It's also a way to demonstrate support for the men and women (including those who have retired) who serve us with dignity and honor.

This is a statewide event, honoring all Wisconsin police officers. The intended tone of this event is respectful and non-confrontational.

## Notes

We will have a limited supply of lights on hand. Please feel free to bring your own.

**Important note:** The State prohibits the use of real, burning candles. We can only use lights that *look* like candles.

Thank you to Craig Kolbeck, WLEM chair; Chief Mike Koval (Madison's chief of police); Captain Jennifer Krueger-Favour of the Madison Police Department; and Capitol Police staff for your guidance in planning this event.

This event is hosted by We Support the Madison Police Department. We are an independent, grassroots, citizen-based group, not affiliated with any other groups, including the Madison PD.
