-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

When the case assignment guidelines provide discretion or when considering deviating from them, the following factors should be considered:

- Solvability Factors:
 - A reliable victim or witness is available
 - A suspect has been named or identified
 - A workable description of the suspect has been recorded via video or from an eyewitness statement
 - Significant information about the suspect(s) location has been recorded (local resident or longtime customer, etc.)
 - The suspect has been previously seen at the scene of the crime
 - A suspect vehicle that contains a partial plate or unique physical characteristics is reported to law enforcement
 - Stolen property that is traceable to the owner (cell phone, serial numbers, photos of the property, etc.)
 - A significant or distinctive modus operandi (M.O.)
 - Useable physical evidence (deoxyribonucleic acid (DNA), fingerprints, bullet casings, etc.)
 - Seriousness or type of crime and value of loss
- Additional factors that could lead to a case assignment in the event the case lacks few or any solvability factors:
 - Cases that have a major impact on the community.
 - Cases that have a linked M.O. that occurred outside the jurisdiction.
 - Management decision to have the case investigated.

Case Load Management

Detective Lieutenants and/or supervisors shall check in with detectives assigned to them at a minimum of on a quarterly basis. The purpose of the check in is to discuss individual cases currently assigned to the Detective and for the Detective Lieutenant and Detective to work cooperatively to achieve optimal performance.

- The following should be discussed during the check-in:
 - Caseload and individual case management
 - Review cases that have been open for six months or longer
 - Evaluate work product that is incomplete or needs improvement
 - Address any performance issues
 - Identify training needs or training opportunities
 - Mentor inexperienced Detectives and provide feedback
 - Give positive feedback and acknowledge good work

Management of All Active Homicide Cases

- Oversight of all homicide cases will stay with the district or section originally assigned. Depending on the circumstances, the case may be reassigned to a different district, section, or detective. Oversight of the case will still be the responsibility of the district or section originally assigned.
- A homicide case may be reviewed by the Cold Case Review Team (see Cold Case Review SOP)

Management of Evidence Associated with Assigned Cases

- Upon assignment, all evidence associated with the case will receive a final disposition date based on the statute of limitations associated with the crime being investigated. Property Clerks will make an entry into LERMS of the disposition date.

- Property Clerks will continue to send property disposition notifications to the Detective assigned to the case and the District Detective Lieutenant at three month intervals.
- If after three months a case is still active, the assigned Detective should make a notification to the property room indicating the case is still open.
- A list of evidence with cases that have disposition dates beyond the statute of limitations will be sent to the Detective Lieutenant of the Detective assigned the case for final disposition.
- Detective Lieutenants will be expected to meet with the assigned Detective and determine an appropriate disposition for evidence that remains in the property room beyond the statute of limitations.

Management of Cases Previously Assigned to a Retiring or Promoted Detective

Detective/Investigative Lieutenants will complete the following upon notification of retirement or promotion of investigative personnel under their command:

- Ensure all open cases currently assigned to investigative personnel are either closed or reassigned
- Make certain all open homicide cases are organized and prepared in a standardized manner that ensures a smooth transition to the newly assigned detective
- Visibly inspect all desks, lockers, squads, and storage areas to ensure they contain no unresolved cases, evidence, or property
- Detectives who announce their retirement intentions or are promoted out of the rank of Detective should immediately meet with their Detective Lieutenant and discuss a timetable for the disposition of evidence associated with their cases
- Detective Lieutenants should contact the Property Room Supervisor and have a list created which identifies all property associated with the retiring Detective's cases
- The retiring Detective will immediately need to begin the process of determining a disposition for all property and continue the process until all property has a disposition
- Detective Lieutenants should schedule monthly/weekly meetings with the Detective to assess the progress of case dispositions assigned to the retiring Detective
- The goal should be for all property to receive a disposition a month prior to retirement. At the one month prior to retirement mark, Detective Lieutenants should meet with the retiring Detective and discuss any cases that remain open due to an appeal, case status, or pending court action
- Evidence stored in the property room past the retirement date of the case Detective should have a future review date in place for the eventual disposition of evidence associated with the case
- Detectives who give a two week notice should be removed from active case work and spend the remaining two weeks doing property dispositions
- All electronic case files under the control of the retiring Detective should be purged or moved to records
