Our Values

Community, Engagement, Authenticity

Community

South Madison Food Enterprise,
Badger Rock Middle School

- We believe in the vitality of connections among people and the need to appreciate differences within shared spaces.
- We strive to foster fellowship and encourage participation among those living and working together.

Engagement

- We believe that planning and development are inherently collaborative endeavors that benefit from inclusive processes.

What We Hope to Achieve

- A public engagement process that results in informed, actionable input.
- Participation that reflects the diversity of the Monroe Street corridor, neighborhoods and stakeholders.
- Conversations and activities that build ownership and balance interests through creative, thoughtful dialogue.
- A reconstruction plan that the community supports and is inspired to help implement.

We hope you will join us!
