Q14: If you are aware of other potential areas the Parks Division should investigate for a new east side dog park, please enter your suggestions below.

- 1 New developments off Milwaukee St., Starkweather park, Garver, Olbrich
- 2 Green spaces along the 'canal' that runs parallel to the RR tracks.
- 3 Dennett and Hargrove
- 4 Any space other than someone's backyard and a space with parking.
- 5 the farm side of Milwaukee Street that is slated to be developed
- 6 Somewhere not by people's houses. In industrial parks or near loud roads
- 7 Garver Feed Mill area, Voit farm area
- 8 Monona golf course
- 9 Next to new amazon facility, Voit Park
- 10 Olbrich Park? Somewhere in the eventual Voit development?
- 11 Undeveloped land by Garver Feed Mill
- 12 Fen Oak Area? OR Property next to Madison Curling Club
- 13 dogs should not be in parks
- 14 Garver tract, within the Voit farm property once it gets developed
- 15 Consider larger parks away from established neighborhoods
- 16 Voit/Amazon
- 17 part of central park
- 18 olbrich park
- 19 Olbrich! It's huge & has room for a small off-leash area.
- 20 As part of new multi family development on the other side of Milwaukee street

- 21 Dog owners have enough parks
- 22 behind garver?+
- 23 Voit property
- 24 McPike
- 25 Olbrich. Wirth court park.
- 26 Voit farm
- 27 never in a neighborhood
- 28 The space behind Garver
- 29 Olbrich park - especially as a buffer between the street and the rest of the park.

- 30 voit farm development
- 31 Starkweather Park Voit
- 32 Every neighborhood should have a dog park
- 33 Behind Garver
- 34 Olbrich Park. The four softball fields seem to rarely get used.
- 35 Why another park so close to central east? East is moving further out?
- 36 Olbrich
- 37 PLEASE can we have a dog park on the near east side (Marquette neighborhood)

- 38 Not sure. I don't mind the drive to sycamore or capital city. Capital city is my favorite

- 39 Thurber park! So much space there that is rarely used.
- 40 The area next to the new Amazon distribution center.

- 41 Other side of Milwaukee st /Swiss colony.
42 Olbrich Park would be great!
43 Advertise existing parks like Demetral, don't add another.
44 I do not believe another location is needed. However Demetral Field is one. People are being lazy.
45 Garver mills
46 The Voit property on Milwaukee Street
47 Tenny Park!!!
48 Possibly a portion of Olbrich, or space newly cleared north of Milwaukee St.
49 Starkweather Park: better parking, fewer homes
50 Part of the Voit Farms parcel? Though I think that's still privately owned...
51 Lake Edge Park
52 NA
53 Olbrich
54 olbrich park, parkland by Spreacher rd- was to be for school, not behind anyone's home
- 55 Sycamore is enough
56 Olbrich Park west
57 West side of Olbrich Park
58 the area NE of Milwaukee St and Fair Oaks Ave would be a better, even if fewer dog owners nearby
59 A purpose built dog park north of Milwaukee Street in the new development seems most appropriate.
60 Monona Park, the development north of Milwaukee St., Monona Golf Course if it closes
- 61 The redevelopment of the Voight farm across Milwaukee st
62 as yet undeveloped land on north side of Milwaukee St.
63 Area behind amazon
64 Olbrich park or Voit property on Milw.St
65 Garver area or north of milwaukee street someday
66 North of Milwaukee St. Huge open areas that a dog park can be planned into that development.
67 Garver Feed Mill area
68 Olbrich Park
69 roysters commons
70 Away from any residential property.
71 Other dog parks are not as close to housing, need more open space.
72 The space behind the Milwaukee St US Post office
73 Outside the City limits.
74 Olbrich
75 No. Dogs tend to be aggressive & loud with other dogs. For avoidance of doubt, NO DOG PARK.
76 In the Milwaukee Street Special Area Plan in Starkweather Park or b/w the Olbrich Softball fields.
77 Perhaps Olbrich Park or Hiestand? Parking is available, noise less an issue.
78 Olbich-Not near houses
79 Buy land on Milwaukee St for dog park. Don't use existing parkland

80 Lake edge neighborhood
81 We already have one at Sycamore
82 Potential park at about farms, near amazon
83 I am not aware of other viable locations.
84 Garver land , lake edge
85 Reston heights
86 Olbrich- but make it an open off leash park like Zilker dog park in Austin.
87 None. Dog Parks are disruptive and an eye sore.
88 Possibly north of OB Sherry Park and north of Milwaukee Street.
89 HiestandPrk,OlbrichPrk,Walter&Hargrove,Corp/Regis,btw Garver&Starkweather,behind
apts W of FairOaks
90 n/a
91 Olbrich, Hiestand, McGinnis
92 Droster park
93 Thurber Park, Worthington Park
94 The grass between Hargrove and the bike path?
95 no comment
96 Eastwood Park (removal of Eastwood and repllacement with a park)
97 Starkweather Park, Hiestand Park
98 Olbrich lots of space and can be away from homes
99 Wirth Court Park
100 Land near Garver Mill
101 There is a little park across the river from Yahara Park that people with dogs use
extensively.
102 How about that field by the old 1 room school on MILWAUKEE St?
103 Portland Park
104 Between the olbrich Baseball diamonds
105 Lake Edge, revisit Garver idea
106 New Milwaukee street neighborhood
107 Olbrich Park, between the Beer Garden and East Side Club
108 Area north of Milwaukee street, area near Royster Commons
109 Portland Park, Heistand
110 Behind the east transfer point, like between hwy 30, Stoughton rd, and Mke st.
111 Pick a park that does not have existing bike paths going through it
112 Olbrich Park
113 Lake Edge Park or the park on Buckeye Rd which is rarely used
114 Lake Edge
115 A portion of Olbrich Park
116 The development across Milwaukee St. west of Amazon.
117 Olbrich Park, grassy field around Whitehorse school, narrow grassy strip along Hargrove
at Tulane.
118 I would suggest looking in the potential new development off Milwaukee Street.

119 Starkweather, Acewood, Droster
120 When Vogt Farm is rezoned, a dog park should be planned there.
121 Starkweather Park
122 The Garver Site could accommodate the dog park

- 123 Dont take existing park land! Find new space not near housing or conflicting with other uses.
- 124 Farther away from residential areas
- 125 Amazon facility
- 126 not needed
- 127 Use a portion of Voit Field. Do not let a developer purchase the land for a dollar an acre.

- 128 Greenspace bordering Dennet, Margaret, Hargrove and the Cap city trail
