

2020 Madison Food Waste Drop-off Program

We're so excited you want to participate in the Madison Food Scrap drop-off program!

The Betterbin app will be your go-to source for information about what materials are acceptable and unacceptable at the drop-off sites.

Why does it matter that you only bring acceptable items to the drop-off sites? Unacceptable items don't compost correctly at the digester facility that receives our materials. Please, only bring acceptable items to the drop-off sites.

Contact mgoetsch@erbinusa.com with any questions or troubleshooting when downloading or using the app. Please do not contact the City with questions about the app. They will not be able to help you.

Your next steps:

SCAN THIS QR CODE

Scan the QR code to the right with your phone's camera. The QR code will always take you directly to the app.

OR, type this URL into your browser:
openbetterbin.page.link/Madison

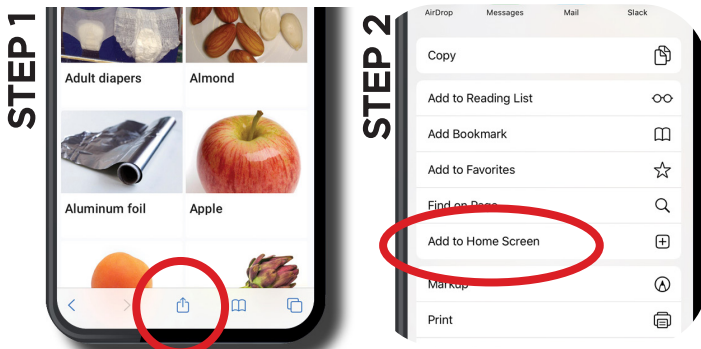

You do not need to go to the App Store or Google Play to download the app.

Scan the QR code any time you want to come back!

OR, save the app to your home screen with these steps:

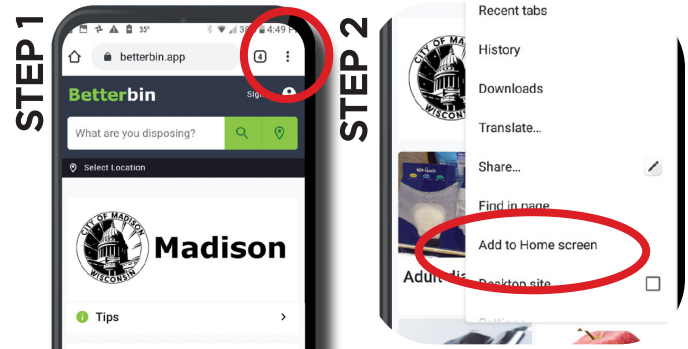

Apple Devices

*Tap the download icon at the bottom of the screen.

*Choose "Add to Home Screen."

Android Devices

*Tap the betterbin.app URL to make the three stacked dots appear; tap the stacked dots.

*Choose "Add to Home Screen."
