Response Requested:
Within 30 Days

Status:
Not Covered

For Property Address:

As of the date of this letter, you may not be protected against an exterior water service line breakdown. You are responsible for the costs associated with water service line failures on your property at [REDACTED].

Because you are the homeowner responsible for the water service line, we are writing to you today.

Age, soil conditions, ground shifting and corrosion are all factors that may pose risks to your line and result in an emergency breakdown.

Eligible homeowners can select Exterior Water Service Line Coverage from Service Line Warranties of America (SLWA), which provides \$8,500 per service call with as many service calls as you need for covered repairs (30-day wait period includes a money-back guarantee). This *optional* coverage is only \$5.99 per month and can help protect you from the high costs of repairs.

Please respond today.

A form is attached for you to complete and return in the postage-paid envelope. If you prefer, you may call 1-833-808-6707.

For fastest processing, please visit www.slwofa.com.
