**LAKEVIEW WATER TOWER - 1202 NORTHPORT DRIVE
SUMMARY RE: TELECOMMUNICATION LICENSES**

Real Estate Project No.	Applicant	Contract Begin Date	Contract Expiration Date	Payment Due Date	Amount Next Due	Description of Equipment
4119	Sprint Spectrum L.P.	03/01/98	2/28/18	3/1/2014	\$26,221.75	9 antennas. Current ground cabinets will be relocated into middle equipment building.
3978	PrimeCo Personal Communications, L.P. (n/k/a Verizon Wireless)	06/01/97	5/31/17	6/1/2014	\$26,221.74	9 antennas. Cabinets are located within south equipment building.
3979	Madison SMSA Limited Partnership n/k/a Cingular (AT&T)	01/12/98	1/11/18	1/12/2014	\$22,475.77	Currenty 6 antennas. Will be adding 3 more when new tower constructed. Cabinets are located within south equipment building.

Notes:

- 1.) All license fees are subject to 4% annual adjustments.
- 2.) 50% of annual net revenues for each license at Lakeview Water tower are payable to Dane County by 2/1 of each year. Balance of net revenues are deposited into the City's Tower Revenue Fund (SO03). That money is used to fund the City's lead pipe replacement program.
- 3.) Per the terms of the Easement from Dane County, the City may grant licenses to a maximum of four (4) telecommunication companies for the placement and operation of telecommunications equipment and improvements on the Tower and Tower Easement Area.
- 4.) Each license is initially authorized via Common Council Resolution. Resolutions are considered by the following additional commissions/boards: Plan Commission, Board of Water Commissioners, Board of Public Works and Board of Estimates. Licensees are also required to obtain all necessary Zoning and Building Permit approvals.
- 5.) There are also City facilities located on the tower and within the north building east of tower. See SiteSafe RF report for listing of equipment.
