

**EAST SIDE WATER SUPPLY PROJECT**

# INVITE

January 2012

*"The role of a project Citizen Advisory Panel (CAP) is to bring the voice of the public to the planning and design process. The objective of this process is to give you ample opportunities to provide input."*

For more project information, to send written comments, to volunteer for a Citizen's Advisory Panel, or check on upcoming meetings:

## Public Meetings: January 26 and January 31

### "Siting a Replacement Well for Well 3"

**Meeting Date and Time: Thursday January 26, 2012 6:30 to 8:30 p.m.**

**Place: Goodman Community Center— 149 Waubesa St.**

**Project Description:** The East Side Water Supply project reviewed the long term drinking water supply needs of the east side. The study recommended that Well 3 be replaced to ensure adequate water supply to the east side for long term domestic water supply needs and community fire protection.

**Next Steps:** The first step in the process is to conduct a property search considering land use and system needs.

**Study Area:** Generally from the Yahara River on the west to I-90 on the east, to Northport Drive on the north to Cottage Grove Road on the south.

### "Iron and Manganese Filtration for Wells 7 & 8"

**Meeting Date & Time: Tuesday January 31, 6:30 to 8:30 pm**

**Place: Goodman Community Center— 149 Waubesa St.**

**Project Description:** Following review of the water supply and water quality needs of the east side, it was recommended that iron and manganese filters be constructed at Wells 7 & 8. Construction of filters will allow these wells to be used to their full capacity.

**Project Location:** Well 7 is located on N. Sherman Ave. near Shabazz High School. Well 8 is located at the west end of Olbrich Park

### Anticipated project construction schedules:

- 2013/2014 - Well 8 Iron and Manganese Filtration
- 2014/2015 - Well 7 Iron and Manganese Filtration
- 2015/2016 - Well 3 Replacement

### **Become a community volunteer**

Everyone is invited to join a Citizen's Advisory Panel (CAP) for either the Well 3 Replacement Project or the Well 7 & 8 Filtration Project to assist Madison Water Utility in shaping these two projects. The Utility wishes to engage the public in the development of the facilities, to address community issues and concerns, and to preserve neighborhood character. The CAP works to ensure the community is fully informed and understands the project. Call 608-266-4651 if interested in volunteering
